Since 2013, the State of California has required school districts to collect household information each year. Recently, the state updated the name of this form to the *Universal Benefits Application (UBA).* In the past, Alpine Union School District used a different platform to collect this information. Beginning with the 2025–26 school year, the District will now collect the required information through ParentVUE in the Synergy student registration system.

The State uses this data to determine how much funding Alpine Union School District receives, which directly impacts the number of programs and services we can provide for our students.

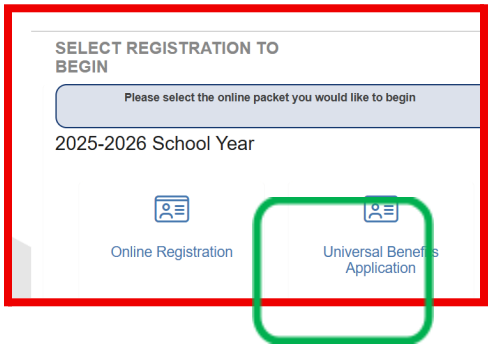

You can access the UBA by going to your student's webpage, hovering over FOR STUDENTS, and then clicking on the ONLINE REGISTRATION, as depicted in green circles below:

Next, click on ParentVUE:

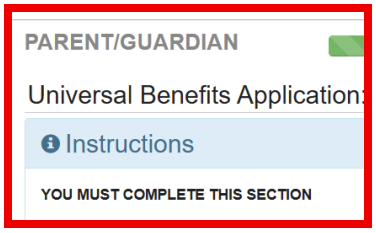

After you log in, you will see the two options; click on the UBA button as depicted in the green circle below. If you do not see the UBA button, please email Alesa at AGudmundson@alpineschools.net.

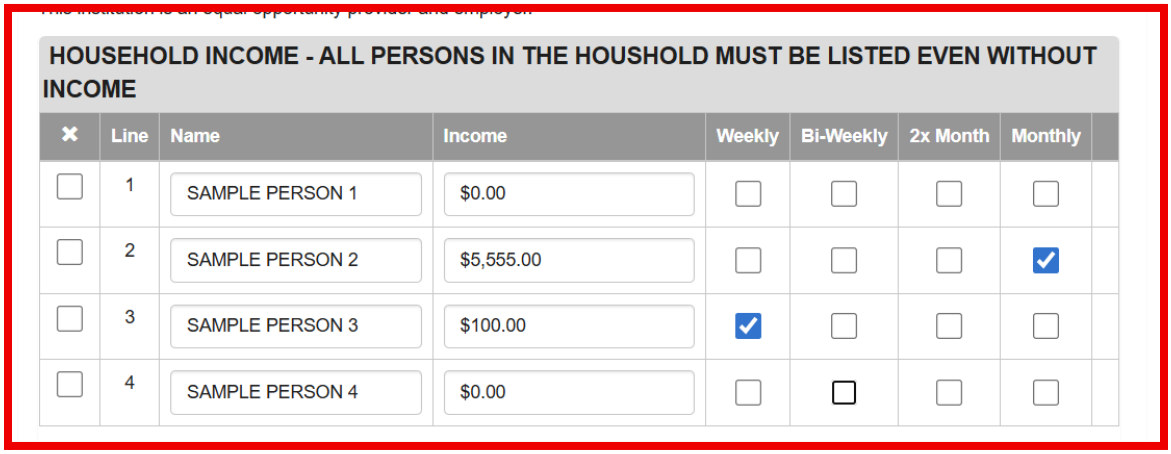

Click CONTINUE through the next six pages. You will need to enter your NAME/SIGNATURE on the third page.

Complete the page titled Universal Benefits Application as depicted below:

You must sign by using your cursor or typing your name. In the HOUSEHOLD INCOME section, enter every person who lives in the house and their income, as depicted below, even if the student does not earn an income.

In the page titled STUDENT, click on your students and complete the page only for Alpine Union students. If you do not see your students' names, then email Alesa at AGudmundson@alpineschools.net.

The last step is to review and click on the SUBMIT button.
