

In the Classroom:

- We will create classroom behavioral expectations together.
- Eating and drinking are not permitted in the classroom except for water.
- Cell phones must be silenced during instructional time and placed in the cell phone cubbies.
- Alerts and Notifications should be turned off during class.

**Assessments (Tests and Quizzes)**

- Assessments will be in a variety of formats. Google Form, Delta Math, Traditional Paper & Pencil, Problem Sets, Term Test, etc.
- Retakes are available on Quizzes after reviewing the material with me.
- Cheating will not be tolerated and will be dealt with according to the rules and regulations of the NHS handbook.

Homework

- **Nightly homework will NOT be accepted late.** If you think that you have an extenuating circumstance, you should speak to me prior to the due date so that we can discuss alternatives.
- Homework will be uploaded to Google Classroom daily. You will receive two points for a complete homework and zero for an incomplete homework. No partial credit.

Being Prepared: For each class you should have with you...

- a graphing calculator or scientific calculator
- a copy of the note/example packet for the unit we are currently working on
- a binder or folder (dedicated to Geometry) with loose leaf paper
- a writing utensil
- the homework and any other assignments due that day

Extra Help

- Please ask if you need help! I am available before or after school and during X-block.

Your Grade: Each term grade will be calculated using the following:

- 70% Assessments (Quiz, Term Test, Problem Sets)
- 30% Assignments (Classwork and Homework)

A Final Note

You will get out of this class, what you put into this class. In other words, the more time, energy and effort you choose to spend on your homework, classwork and preparing for assessments, the more you will learn, and the higher you will achieve. Keep a positive attitude and never give up.
