Key concepts

Studies

There are 16 studies. You start the game with expertise in 3 of them.

To gain expertise in a study, you must get 5 XP for that study. To earn study XP, read books, watch TV shows, speak to experts in that subject, take actions related to that study, and bring certain recruits to the lab.

Once you have expertise in a study, you gain its perks. Each study expertise slightly increases your Pokémon's damage output of a corresponding type of moves.

Various dialogue options, choices, quests, clues, and other interactions may be affected by whether or not you have expertise in certain subjects.

Each study comes with additional benefits:

Astronomy

- Slightly increases damage of Cosmic moves.
- Allows you to find Pokemon with Hidden Abilities in the wild.

Berries

- Slightly increases damage of Food moves.
- Higher yield of Berry plants.

Botany

- Slightly increases damage of Grass moves.
- Higher yield of Apricorn plants.

Breeding

- Slightly increases damage of Fire moves.
- Increases chances of getting a Shiny Pokemon when breeding.
- Increases number of IVs inherited by a bred Pokemon.
- Increases chances of an Egg being found.

Deception

- Slightly increases damage of Dark moves.
- Lie successfully in dialogue.

Evolution

- Slightly increases damage of Chaos moves.
- Evolve Pokémon 3 levels lower than usual.

Finances

- Slightly increases damage of Slime moves.
- Access investment machines.
- Receive more money when winning trainer battles.
- Pay out less money when losing trainer battles.

Fossils

- Slightly increases damage of Rock moves.
- Dig up fossils.
- **Revive fossils.**

Geology

- Slightly increases damage of Ground moves.
- Find rarer Pokemon when smashing rocks.
- Mine certain spots in caves.

Hacking

- Slightly increases damage of Electric moves.
- Hack computers to battle rare Pokemon and acquire Data Bytes to use as currency for special items.

History

- Slightly increases damage of Dragon moves.
- Special responses in conversations for additional rewards.

Language

- Slightly increases damage of Sound moves.
- Communicate with Pokemon on the overworld.

Legendaries

- Slightly increases damage of Mystic moves.
- **Unlocks the pathways to some Legendary Pokemon.**

Negotiation

- Slightly increases damage of Psychic moves.
- Advantage in negotiation events.

Oceans

- Slightly increases damage of Water moves.
- **Get past whirlpools.**

Technology

- Slightly increases damage of Steel moves.
- Get back Ball Scrap sometimes when failing a Poke Ball throw.

Social Bonds

You'll receive a Swablu-Sky app upon entering **Antimony Woods** and defeating Rynaldo.

Each friend you add is connected to a specific type - as you raise your bond with them by taking actions they approve of across the region, the catch rate, Shiny rate, and Exp. gain will continue to increase for that type.
