

## Network Configurations

Name	# of Monitors	# of Peers	# of Trusted	# of Malicious
Config. 1	1	20	1	1
Config. 2	1	20	1	10
Config. 3	1	20	1	20
Config. 4	1	20	1	40

### 1. STrPe

#### 1.1. Simple Attack

*Expected Behavior:* malicious peer will be discovered.

#### 1.2. On/Off Attack

*Expected Behavior:* malicious peer will be discovered every time he try to send poisoned chunks.

#### 1.3. Selective Attack

*Expected Behavior:* malicious peer will not be discovered, if he doesn't send poisoned chunks to trusted peer.

#### 1.4. On/Off attack + Selective Attack

*Expected Behavior:* malicious peer can discover the trusted peer and perform succesful selective attack.

### 2. STrPe-DS

*Coming soon!*
