

Information about the exhibit (jury card) for inventions

(to be sent by e-mail, file format: .doc or .rtf, Times New Roman font, type size № 12)

1. **Exhibit name:** _____
2. **Type of industrial property object** _____
3. **Information about registration (patent or application for patent) №** _____ **date** _____
Organisation/country where the object is registered _____
4. **Exhibit description (max. 10 lines)**

5. **Field of application (International Patent Classification)** _____
6. **Developer (authors)**

7. **Possessor of the rights:**

8. **Exhibit class as per «Global Invention Forum in Cyprus» classification system:**

9. Readiness for use:

- ☐ The exhibit has not been investigated and has not been tested ☐ Development stage, R&D work is being conducted
- ☐ A production prototype has been manufactured ☐ Is completely ready for industrial use or is used already

10. Technical-economic efficiency of the development implementation (in euro):

from use at one enterprise _____

from use at several enterprises _____

11. **Required investments (investment object, potential strategy of implementation):**

12. **Commercial proposal:**

Responsibility for providing false information bears the person, who fills up this Form.

“ _____ ” _____ 20____

Signature _____

(Stamp)

Information about the participant:

1. Surname _____ Name _____
2. Address of the participant (e-mail): _____
3. Contact number _____

Classification system of «Global Invention Forum in Cyprus»

- | | |
|---|--|
| 1. IT and technology of data processing and storage;
2. Biotechnology, genetic engineering and medicine;
3. Pollution control and environmental protection, waste management;
4. Science-technical creativity of youth;
5. Hygiene, cosmetics, veterinary;
6. Agriculture and food industry;
7. High-tech and electronics;
8. Extraction and processing of hydrocarbons; | 9. Industrial design;
10. Construction and construction materials;
11. Technology of new and renewable energy sources;
12. Transport;
13. Trademarks and brand names (nomination “Trademark LEADER”: products and services, manufactured under the proper trademark (brand name), logotypes, corporate identity of the companies);
14. Miscellaneous. |
