

Privacy Policy for Azkar App

The Azkars app does not collect any personal information from its users. We do not require you to create an account, and we do not collect any information about you or your device.

The app may request access to your location to provide accurate prayer times based on your city and country. This data is processed solely for the purpose of providing prayer times and is not stored or shared with third parties.

Data Sharing

The Azkars app does not share any personal information or user data with third-party services. While the app uses **Google AdMob** to display banner advertisements, **AdMob does not collect any personally identifiable information** from the users of this app. The advertisements shown are based on general targeting and are not personalized with user-specific data.

The app does not transmit any user data to external servers, and all data processing is done locally or through anonymous and generalized analytics (if applicable).

Permissions

The Azkars app requests the following permissions:

- **ACCESS_FINE_LOCATION** and **ACCESS_COARSE_LOCATION**: To access your location for providing accurate prayer times.
- **INTERNET**: To load data, including advertisements and prayer times.
- **WAKE_LOCK**: To keep the app active while performing background tasks.
- **FOREGROUND_SERVICE**: For background services when the app is running.
- **VIBRATE**: To enable vibration for certain notifications.
- **RECEIVE_BOOT_COMPLETED**: To start necessary services when the device is rebooted.
- **com.google.android.gms.permission.AD_ID**: For AdMob to serve advertisements.

We do not use cookies or similar technologies to track your browsing behavior outside of the **Azkars** app.

We do not share any information with third parties, except for anonymous usage data that we may share with our analytics providers to help us improve the app. However, this data is not personally identifiable and is used only for performance and analytics purposes.

We take appropriate measures to protect the security of your information and data. However, please note that no data transmission over the Internet or wireless network can be guaranteed to be 100% secure.

By using the Azkars app, you agree to the terms of this Privacy Policy.
