Info from our partners at Kennet Leasing:

I have attached some information on the leasing for you to get an idea of what we can do and how this can work for your customers. We have been trading in the industry since 1990 and we pride ourselves on providing the best service and finance packages to you and your customers and have a range of fantastic facilities available to you to help you drive your business forward.

- 40 funders at our disposal, more than any other broker on the market
- In House Underwriting allows you to get an instant credit approval within minutes.
- E-Documents which allows the customers to sign their documents online. Cutting out the time needed to post printed documents allowing us to issue the go ahead for delivery to be arranged/ completed with the customer as soon as possible
- Kennet Own Book available to work in partnership with you. We work together on deals and schemes getting more of your deals approved
- We can consider new start business' and if they are non homeowners we can look to lend with the support of a home owner guarantor
- We can look to lend to sole-trader business' which many other lenders no longer offer
- No deposit for customers which means it can be easier to close the sale, and easier for the customer to go ahead with no large cost outlay to impact the customers cashflow.

Please see the below URL link which will detail our leasing calculator to allow your customers to review monthly repayments based on the invoice value they are looking to finance, and this link can also allow customers to register their enquiry directly with us.
