

Candidate Statement - Stuyvesant Parents' Association Spring Elections

Candidate statements have been compiled in a standard format starting in 2022, with hopes that it will enable the membership to more easily make informed voting decisions. In addition to **candidate number, name, photo and student graduation years**, candidates are asked 3 questions (*with slight variation depending on position*).

A preview of the questions are outlined below. Candidates will provide their responses via a link to a Google Form, by 11:59pm on the Thursday before the election. Per DOE guidance, statements *may not* be shared individually and will only be shared in compilation through the Nominations Committee. Translations to Chinese will also be done en masse.
