## INTRODUCTION

Introduction includes information about the statement of problems, state of the art, conceptual framework, the importance of research, and relevant research. The writing format is 11pt cambria, one space, no space between paragraphs. The quote format must use **APA (American Psychological Association)** the sixth/latest edition and must use reference management, such as Mendeley/Zotero. All quotes use indirect quotes. Articles are written with a length of 5 to 20 pages. In the second paragraph and so on given an paragraph with a length of 1 cm.

## METHOD

In the method the method is explained about the research methods used, research subjects, research procedures, data collection instruments, and data analysis. Write in detail. Things that need to be written can be made in the subtitles according to the provisions.

## RESULT

In the research results section is explained about the data that has been collected with research instruments. Writing the second subtitles and the third subtitles follow the format provided. Images and tables must be discussed in paragraphs. The format of the mention of images and tables in paragraphs is **Figure 1** and **Table 1** (Bold format, numbering begins with number 1). Then the image can be presented in JPEG or PNG format. Diagrams and graphs must be presented in JPEG or PNG format with 10pt cambria font.

**Figure 1.** First letter of capital, 10pt cambria

Writing the table can follow the format provided. Table names are written above the table. There should be no vertical lines and there are only 3-4 horizontal lines.

**Table 1.** First letter of capital, 10pt cambria

Score range	Category	f	%
80 – 90	Cambria, 10 font, single line spacing, no space between paragraphs.	7	70.67
60 – 79	Cambria, 10 font, single line spacing, no space between paragraphs.	10	10.67
40 – 59	Cambria, 10 font, single line spacing, no space between paragraphs.	13	20.67

## DISCUSSION

In the discussion section reviews the results of research and comparing them with various relevant theories and research. This section is advised to quote as many articles as possible.

## CONCLUSION

Conclusion Describes the conclusions of the research results. The contents of the research conclusions can be included by providing advice for readers or various related parties regarding further research opportunities.

## REFERENCES

Bibliography uses a maximum reference source of the last 10 years and a minimum of 80% must be from the article (Primary Library). All quotes must be listed on the bibliography. Writing a bibliography uses **APA style** is the sixth edition/latest edition. In writing quotations and bibliography the author is required to **use Mendeley/Zotero**.
