

## **Upcoming Webinar Series Focuses on Holistic Language Pedagogies**

An upcoming webinar series will share insights into holistic language pedagogies from English language teaching (TESOL) faculty members from Ukraine. The series will feature presentations by TESOL faculty participants in the 2022-2023 U.S./Ukraine TESOL Exchange Professional Learning Project.

Over the past year, CE International's Center for Professional Learning, with the support and participation of Hunter College, and the Regional English Language Office Kyiv, has been working to support the professional growth of English language faculty at pedagogical universities and other higher education institutions in Ukraine.

Ukrainian faculty members have engaged in a series of workshops, intensive exchange experiences (in-person and virtual), and collaborative activities in methodologies, teacher observation and feedback, and integration of social and emotional learning.

Together, faculty members have prepared a webinar series to share their learnings and professional experience with the wider English Language Teacher community. The webinars are free and open to the public and will be presented in English. To attend, register using the links below.
