

It's very clear that the future remains extremely uncertain for all of us but we are not prepared to just give up. Everyone in our business from cleaner to shareholder has stepped up and we have setup really well organised kitchens for home food delivery services. Hot food obviously doesn't travel very well so that's localised but fresh fish and sushi have good legs...

Any support is appreciated in these ridiculously tough times so if you need food please try us and we will let you know what's possible.

If you send a WhatsApp to the below links, they will open the appropriate numbers on your device and one of our team will be on the other end to help you. A real person, speaking South African, and desperate to get this show back on the road and prove to you how serious we are about this country and our people.

As a worm to a toad,
a toad to a snake,
a snake to a pig,
a pig to a man,
and a man to a worm."
