LEARN TO ACCESS, READ AND WORK ENERGETICALLY WITH THE LIBRARY OF THE UNIVERSE

Akashic Records: Unlock the Library of the Universe & Rewrite Your Soul's Journey

Have you ever felt like your life has unexplained patterns, repeating cycles, or deep inner knowing that doesn't seem to come from this lifetime?

Do you sense that your purpose, relationships, and fears are linked to something beyond your conscious memory—something woven into the fabric of your soul's history?

You've done the inner work. You've explored energy healing, meditation, subconscious reprogramming, even past-life regression…

Aeron! Working with you was amazing! Having the ability to connect was a unique experience and knowing what and how was going to be accomplished made me feel relaxed and at peace spiritually, mentally physically and emotionally. After the session was completed I was able to understand why certain situations in my life continually occurred, and now that they are cleared.I can move forward and focus on my ascension for the greater good of myself and the collective. Cheryl

Before the session I was a bit anxious and also excited to see what would be unveiled. During the session I released an agreement I made from a previous lifetime that blocked my spiritual gifts, especially my sight, due to the fact it was not safe. I feel my third eye is opening again and I'm bringing back my joy. In addition, I released some beliefs around relationships in this lifetime. I embraced my complete worthiness for an amazing relationship in that lifetime. I would recommend anyone who is feeling a block in their connection to their spiritual gifts to go to Aeron. He is an amazing healing facilitator!

"I felt so much lighter after the session and right. Now i am happy and easy going. In other words "I feel great", not even tired. Do you know what's funny? Since this afternoon i don't think one time about anything from the past. It somehow faded AWAY!"
Jutta
I felt both nervous and excited before the session. I really enjoyed meeting Aeron and appreciated how sensitive and caring he was about the process and my feelings. He created a very safe space to be open and honest. Now I feel confident that I'm on the right track with my spiritual development.
John
My knees and my throat were giving me trouble so I contacted Aeron. It turned out it was connected to some burden and trouble from the past life. When I gave Aeron the permission to go to my Akashic Records and karmic, he found the root of the problem. I felt this gentle physical experience right through the session and I felt so much relief! I highly recomand his help and support if you are looking for a permanent solution for your problems.
Laci
Within two days after the session with Aeron there was a new found bounce in my step and sparkle in my perception. I felt powerful career vibes come back online. My energy has been potent! I've been more confident and as a side note I actually saw what I think was my own aura for the first time. To say the least, that dose of energy and protection was seriously magical.
Rebekah
I knew I had to delve into my Karmic records to clear any karma and I knew you could root it out. When you released what you found and then sealed it I felt much lighter and happier. As you are adept at helping others in this way I would have no doubt in recommending you to anyone who wishes to evolve spiritually. In love and light.
