Stage 3: Physical Examination

Good endurance on the treadmill- pulse rate remained steady throughout.

Completed assault course in 7 minutes, 12 seconds. Pass time: 8 minutes.

Above average reaction times compared to baseline.

Already proficient in hand-to-hand CQC.

Well-versed in knowledge of firearm handling. Excellent time and % hit rate on the GSD Killhouse.

Result:

Passed

Stage 4: Situational Procedure & Ethics

Excelled in the EC-approved situational questions. Whilst hesitant at first, he appears to have understood the necessity of D-Class to our operations.

Particularly good answers to the questions involving ethical termination and disarming procedure.

The session with the psychologist revealed no personality disorders or mental illnesses, aside from minor PTSD from his service in the Army.

Result:

Passed

Summary

Eden has excelled in every part of the interview process. It is my belief that he is capable of taking on the position of Cadet at Site-65. He seems eager to join, so I doubt amnestication will be necessary.
