

Edible Arrangements

Complete questions in a google doc or loose leaf – hand in when finished.

1. Read the [article](#).
 - A. Summarize what the article says, how this business started, how it changed due to COVID, and what is next.
2. Explore the [Edible](#) website.
 - B. List the major edible substance(s) you see used in the arrangements.
 - C. Find the most affordable arrangement you can, describe it and give the price.
 - D. Find the most expensive arrangement you can, describe it and give the price .
3. Read the [steps of HOW TO](#) make one yourself at
4. You could also find 1-2 youtube videos to skim about the topic (ex: [HERE](#))
 - E. Rate your comfort level in creating an edible arrangement from 1 to 10 with 1 being you are deathly afraid and do not want to do this project and 10 being you are ready to begin and be graded today. Explain your reasoning.
5. Up to this point we have been working primarily with fruit but they can also be made from chocolates, candies (packaged or unpackaged), vegetables and meats. Browse google images to see other edible arrangement styles.
 - F. Your project for this unit is going to be to create an edible arrangement on Monday. It will be yours to keep or to give to someone special in your life. The cost of the arrangements is taken care of due to the plant sale. **Create a drawing, summary and itemized supply list with price for your idea.**

The “CATCH” we will be on a budget. You may each only spend \$15 each maximum on your arrangement. As you price, keep in mind we have some supplies here or you may work together to pool funds.
