Making sure final budgets that are public are

-

Online fee is coming and what it looks like; consolidated and split out

- How we are tracking the funds
- Making sure students see it as a combined for the columns moving forward

DPC

Looking at online fees; enhancement of how they can engaged

- Making sure we are not ridged for how we are managing the pots of money
- Keep rethinking around how we are engaging with online students and tracking it to show how the investment is impacting students

When looking at events, looking at events such as Fall Welcome Speaker for an online engagement point. Thinking creatively about engagement. Similarly for CoC, thinking about the pots of money.

How does the CoC engage with each campus or funding? Creating a space to engage member groups for each campus. Thinking about University Wide events and how they engage all students; the balancing act between groups.

- Finding a middle ground for budgeting for University Wide and Local

- How are you having conversations with groups after making decisions

Budgets

- PAB
 - CoC
 - Member Groups - Funding process for these groups
 - Sport Clubs
 - Giving them operations/rentals
 - All other funding lives with ASASU as a sport clubs engagement line with appropriations
 - Stance for Sport Clubs and CoC -
 - **Poly** - creating line items for both in appropriations for both groups
 - **DPC** - CoC - DPC testing out having it at the specific campus; Sport clubs - open to do the appropriations.
 - **Tempe** - CoC - going to try to cover as much as they can; Sport Clubs - Like the appropriations idea (\$46,000 for ice time).
 - **WV** - CoC - We can not absorb it (add a stipulation); Sport Clubs - Appropriations; making sure we are doing everything together.
 - If things shifted to campus it would be individual students per academic program/campus.
 - Landed
 - **CoC**
 - CoC sits locally for Poly, DPC, and West Valley
 - Tempe transferring their funds to CoC
 - DPC is connected to Director
 - Poly, WV is sitting in appropriations

 - Opportunity for directors of affinity, VPs of Policy, VP of Campus engagement to have regularly scheduled meetings with athletics to push student engagement
 - Sports viewing switching to ESPN app which will be accessible to all online students
 - Fee use proposals
 - Dr. Rund - following Fall Welcome, should have the freshman sit where the student body sits during football to orient students to exactly where they would sit coming from a game, open up the concession stands, etc.
 - Graham - the journey starts and ends at mountain america stadium, how do we create connections
 - Trying to curate the experience within the stadium itself, from the moments student enter, getting to their seats, etc.
 - How do we maximize our square footage?
 - Increased marketing of Student Events/Athletics/EOSS collaboration
 - Reserved Tabling Opportunities for Student Clubs During Athletic Games/In-Game Experiences for Student Leaders
 - Targeting/incentivizing students to step beyond the regular high profile games that have better attendance
 - Incentives
 - Student Organization Discounts for Athletics Facilities Venue Rental Fees
 - Recognize many are 3rd party contracts not fully under ASU's control
 - Targeting sports clubs, PAB, and others under the EOSS umbrella
 - Graham - University 365 could be pulled into this conversation regarding access, possibility of sports clubs to compete in some of these spaces
 - Reserved Suite for Homecoming Court during ASU's Homecoming Game
 - Homecoming court selected by PAB each year
 - Currently 8 included in homecoming court but advocating for grads to be included to push the number to 10, possibly include space for online students as well
 - Would be great to have athletics staff members present as well to interact with
 - Megan - remove "leaders" from student leaders to encompass all students

- Vogel - suggestion to base homecoming selection on actual participation and engagement, consider removing the term “royalty”
 - Support for Sports Clubs
 - Recognize the distinction between sports clubs and athletics, however, do not believe this should stop collaboration between the two
 - Would like to see how Athletics can support sports clubs either through funds or collaboration
 - Graham - increasing access to adidas apparel discounts for sports clubs
 - Continued Investment in Providing CoP with Updates to GameDay App
 - Based on feedback received from students
 - Issue specifics: app freezes, seems to be ticketmaster portion of the process
 - Support to remedy issue? According to Alexis, no. Students end up speaking to residence hall leaders, etc.
 - Graham - provide better information on where students can go for help
 - Continued Commitment to Sustainability (Giveaways and Apparel)
 - Recycling program for t-shirts
 - Trade in days to promote recycling of old, gently used items
 - Graham - would be interesting to pilot this with our students but spread to general public

 - OTF Proposal -
 - Jen met with the business office. Here is the proposal of the process:
 - New CoP comes in and creates their proposals in the fall semester. They present their proposals at the end of Fall (before Thanksgiving).
 - The new team will have spring to execute on these proposals during spring semester.
 - At the end of spring the team can provide a list to the incoming group, but the new group will make final decisions in fall.
 - On the backend:
 - A new line will be created on each ASASU budget that is for one time funding. Funding will be transferred in at the end of fall for the projects in spring.
 - Every summer Jen will work with the business team after the end of the fiscal year to note how much is in one time funding so the team knows the limits for the funding for the coming years proposals; thus making sure we are never overspending the pot of funds, including fees.
 - Jen will continue to maintain a tracking document for the teams.

 - + SDFC requests \$25 from each athlete to pay for infrastructure and pay SDFC staff
 - Ex: dues for hockey players \$5,000, dues for dance team is \$20
 - Hockey team has non-profit that potentially a student who cannot afford the dues can request help from, not a well defined scholarship program but loosely will try to assist if there’s a need.
 - Doing well \$\$\$, keep a little bit as a safety net

 - RFP for ASUs food vendors
 - Make sure we are represented on committees
 -
 - Sunny - <https://heysunny.asu.edu/>
 - Kim Beckert and Crystal Miller
 - Presentation:
 - Sunny becoming a curated brand of ASU
 - Now have sms, web, and voice services
 - Visual identity established, becoming a suite of digital services in addition to chatbot services

- If Sunny does not know the answer student will be escalated to an agent (related to finance questions)
- Hey Sunny Blog - more longform version of frequently asked questions
- Data driven approach - leverage student data and retention indicators to develop relevant campaigns targeting students with risk factors
- Sunny can be activated quickly and in general receive rapid responses from students
- Governed by Provost Office - important to not overwhelm students with messages
- Sunny aims to normalize student experiences
- Access to student information:
 - Stored in ASU's "data warehouse"
 - No time limit to storage - infinite currently
 - Anyone with access to data warehouse potentially have access to all of this information - low number of people have access to ASU data warehouse.
 - Those managing Sunny have access so that they can jump in when needed if outside the scope of Sunny
 - Salesforce access as chat threads transmitted
- Supported by ASU staff
 - Three main areas of support: academic advisors, financial aid, dean of students
 - If sensitive keywords are used Sunny escalates to management team
 - If Sunny not confident in their response, they will escalate to a human resource
- On-demand access to support students needs - "intensified help"
- Supportive text messages - regular check-ins with 1st and 2nd year undergraduate students
- Emails sent to 1st and 2nd year campus immersion students
 - Themes based on different topics
 - Aligned with other communications going out and ASU 101
 - Sent weekly every Monday
- Graduate Students:
 - Have been speaking with Graduate College
 - Outreach to graduate students for resources
- 24/7 resource at ASU to serve and support students
 - AI enhanced text based platform
 - Messaging is personalized/conversational
 - Identify students who need to be connected with resources for additional support

September 18th
Fulton
3pm
Megan, Harrison

- Guest
 - Dr. Rund and Dr. Vogel
 - West
 - West name
 - West celebration
 - Online
 - Shaurya: Currently options are to deintegrate and allow them to form their own independent councils or keep them integrated and charge full membership fee.
 - Morgann: CoP has set aside working time this evening for in-depth discussion of inclusion/deintegration of online students
 - Each member of CoP has unique perspectives currently.
 - GPSA: [\[in\]](#) There are a few different opinions. We do feel graduate students do benefit from the grants we offer. We have discussed doing a less fee but it does not make sure of the level of access students then have to access. We also discussed the opt in fees, which also do not work in this model around grants. So none of these alternatives made sense for us. We believe online students are benefiting from GPSA and USGs; we believe they can get their value from the things in place to support them. We do believe that there is a lot of work to be done and being able to address their specific needs. Taxation equals representation. We need to shift towards advocacy and programming for the students. Also connecting students to resources.
 - USG-D: Agree with everyone else. Think of them as a coalition structure. Look to charge them a portion of the fee. The money filters through CoP and then goes to the committee for online students. We can look at what portions make sense to be sent to the committee. This would lead to them paying for their own members and events. What do online students want to pay for in the question being asked. Or the online group can manage their own travel for the fees collected. They should also have direct access to ASU Leadership and CoP.

Looking at ambassadors to go to Senate/Assembly meetings and vice versa to be invited to each other's table. That way there are still collected but no longer integrated.

- USG-P: [in] consensus, fully charge and integrate within ASASU and campus organizations. Poly wants to standby the ASU Charter and the clause 'not by whom it excludes, but by whom it includes' and has a large proportion of online students and feels this is necessary to ensure everyone is included in what they do.
- USG-T: [in & out] Proposing ASASU into three branches- CoP, UBCs, Online. CoP is obvious and current. UBCs are obvious. Online has their own branch and their own executives for their branch. The Executives from the branch report to CoP on a monthly basis, funding through CoP. They function as an organization within ASASU. I agree that connection to the Charter is important and paying people across the three branches. Yes, online is charged the amount in this model.
 - CoP
 - USGs
 - GPSA
 - UBC
 - All UBCs
 - Online
 - OSAC
 - Online UBC
 - Report to CoP
- USG-W: [out] Unanimous consent from both Executive and Senate side to deintegrate online students. Does not feel that campus-immersion students should be deciding on behalf of online students, and that CoP is currently serving as a barrier. Recommends their own committee being formed with direct access to President Crow.
 - Asks if online students are charged the full fee and a portion of their funds go towards PAB, etc. would this guarantee that online students have a voice/events specific to them?
- What are things this group would like to use for:
 - Look to pay for the staffing

- Look for what they would use it for
 - Initiatives to use throughout the year
 - Look at experiences they would pay into that are already occurring and One Time funding pot
 - Create check-in budget meetings
- Logistics
 - Advisor
 - SDS
 - Business Office
- What if down the road and a team would like to cut the funding and try to keep it.
- Where are the online students now and the recommendation change that for them?
 - For USG, we have Senators and Director(s) who sit within our Senators and Executive teams. My director of online student advocacy sits under my office and they all sit on the Online Advocacy Committee.
 - Surprised that OSAC collected applications for USGT and do we need to shift to the online senators to every College. There is nothing barring online students to run for positions.
- What is the cross-over with on ground students?
 - The vice versa of students participating in experiences online/in-person
- What other functions do they have?
 - They have voice in this structure - they are attached to a College
 - They sound equal to the programming group
- The potential model is disenfranchised, which can be murky.
- What do they need their own money for?
 - Governance is sorted out
 - Programming for online students - what are their needs
 - Travel and Conference funding
 - Child Care Subsidy
 - Clubs and Organizations
- Does it cost money for online events?
 - Yes
- I like the idea of a tree, I don't think they should go through us for anything. We still stand as a barrier for them. I do not think a coalition means they have representation. I think all they are asking for is to be able to share their voice. I think that can happen if they have a committee they can connect with University Leadership. I think we can do that. They are still getting representation and advocate for students. I want to make sure we are thoughtful on what we decide.
- If you charge them the \$35 it would be a lot and you would have to be responsible for. I don't know what the administrative costs are for online

experiences. Are there other services that you fund? Whatever you advance you have to justify.

- GPSA currently funds around \$800,000 in professional development and research funds. I don't know what the demand is like in our space and while I know it sounds like a lot for everyone else, but not for GPSA.
- Going back to ABOR and the approve; there is only one fee increase per year. It looks to be a 10% increase on current fees. A few fees are separate.
- All students have a voice in the existing structure and all students have equal voice.
 - ASU Local is tied to online/college
- What you charge them and the services you make available to them
- Access to resources is the question
- If you are going to charge them \$35
 - How would we defend the argument?
 -
 - What is the online experience?
 - Looking into costs of what that would be.
 - What is more equitable support look like across the board?
 - If we do decide to charge them a fee
 - Spring cycle
 - Fall 2024
 - Dates will come; it would likely be March
- ASU Health
 - Alexis: ABOR statements to present for request of \$50 million from the State of Arizona.
 - Dr. Rund: Involve policy people from our teams to stay in communication with Kendra for continued lobbying.
 - Morgann: Each of us will touch on unique benefits to constituents. Also asked about two people speaking in unison.
 - Dr. Vogel: What about all of you (CoP) speaking as a unified front?
 - Alexis: mentions low-income, more rural status of West as far as angle of West statement and benefit of us touching on our unique populations.
 - Location of ASU Health not currently known, so difficult to determine exact impact on local communities.
 - Dr. Rund: Recommends **tying in ASU charter**, importance of ASU Health is **impact on Arizona residents at large**. This is not the only opportunity to speak on behalf of the initiative, will likely be opportunities at city council meetings, etc.
 - Interact with student Regent to alert of our intention of reading a statement so that they are not caught off guard.

- Value of degree and disciplines at each campus
 - Loop in Policy reps
 - Conversation with Student Regent
- Carillon Bells - Kellie Cloud, Jason Manning
 - Has a rich history
 - This is the chime every hour and the fight song at 5pm everyday
 - Kept in Old Main, has chimes that are played with a keyboard. As a key is hit a striker hits a chime. Mimics the sounds of a Carillon that plays large bells, sound is amplified from Old Main across campus.
 - Two staff members who have been responsible for it's care are retiring so responsibility being returned to the students.
 - 3-4 faculty members on campus know how to play it and are interested in collaborating, also a number of students who will be starting a student organization with faculty advisor.
 - Funding for this instrument initially came from student government (ie. student funds) so interested in hearing CoP feedback.
 - Students have become disconnected so looking to re-engage
 - Alexis: Is it possible to move it to other campuses?
 - Not exactly possible to move, but having live streamed sound at all campuses would be great to have, however, not all campuses have broadcasting abilities across campus.
 - Use OTF for expansion onto other campuses (live feed playing at 5PM on every campus)

- ASASU Online
 - Poly - Looking at fee collection and building out resources for the online students.
 - West - If we charge online a fee, where does the money go?
 - Similar to senate seats- aligned with academic units primary location
 - DPC - for charging fees, but worried about the resources to support them. Tracking online student use.
 - Tempe - Split out
 - West - can see it both ways; team is against deintegrating
 - DPC - Them together and keeping OSAC etc.
 - Poly - Them together, full integrate
 - Concerns
 - Decreasing productivity in team, it has been poorly executed
- Referendums
 - Need to take time to review constitution and offer recommendations
 - Needs to include election code changes
- Homestay schedules for 9/11 CoP meeting

August 28th

Location: Student Pavilion

Time: 3pm

Primary: Morgann, Secondary: Alexis

- Guests
 - ASU Foundation (Kelli Rael)
 - EOSS/ASU Foundation
 - Fundraising for all EOSS outreach events
 - Sets fundraising priorities
 - Only works with Philanthropic organizations through ASU Foundation
 - Non-philanthropic orgs go through ASU
 - How do we make donors feel more connected to/with the University? How can this serve as an incentive for more donors? What is CoP, USGs', and GPSA's role in this? Assembly and senate through collage connections?
 - Ex: invite them to a Football suite with ASU Administration, this is what the donor/leadership environment is like...
 - Helping people find aspects of the university that they are passionate about and are excited to help out with.
 - SRVP Part II (Renuka Vemuri)
 - Sexual and Relationship Violence Program
 - Primary Services:
 1. Prevention & Education
 2. Victim-Survivor Support
 - Primary Efforts:
 - Training and education,
 - Peer education,
 - Social marketing,
 - Student involvement leadership, and
 - Programming
 - Programs:
 - Educational presentations,
 - Sexual violence prevtion leadership program,
 - Heritage month events and campaign month events (ex: domestic violence awareness month and sexual assault awareness month),
 - SRVP book worms,
 - Connect and reflect events (stress relief)
 - Current curriculum:
 - Sexual Violence Prevton Leadership Program: 6 weeks, 90 minute sessions, certificate of completion
 - USG Presidents to reach out to Renuka Vemuri to establish a curriculum for their staff

- Suggestions:
 - Update Website
 - Currently, there are so many resources its hard to narrow down where to go and who to contact.
 - Through ASU 101 priority, CoP will partner with SRVP
- Victim-Survivor Services
 - Someone to talk to about “if you choose to do this route, this is what the process looks like,” etc.

 - Appointments -
 - The CoP will have all UBCs onboarded by Friday, September 1, 2023
 - All UBC Meeting (new)
 - Alexis Blasko, West President will lead
 - Morgann Kelly, Tempe President will assist
 - Topics would include
 - Priorities connection to UBCs
 - Overview of ASASU and importance of UBCs
 - Communication with CoP, Senates, and vice versa
 - Value of the UBC and why it matters
 - Priorities -
 - The CoP is set to have their finalized and public priorities by Friday, September 1, 2023
 - Chair Pay -
 - Each campus is paying their chairs differently
 - Tempe piloting a programming for their Chairs: about \$500 per semester
 - West, Poly, Downtown: about \$200-250 per semester

- This pay is reflective of the amount of work each campus has for their senate chairs
- Next Meeting: Wednesday, August 30, 2023
 - CoP will discuss the One Time Funding (OTF) process
 - CoP will discuss a projected structure for ASASU going forward

 - SAILS (Dr. Lance Harrop – Tempe Dean)
 - Student Accessibility and Inclusive Learning Services = SAILS
 - Accessibility (former CoP priorities)
 - Point of contact for students with disabilities, but also serve all students.
 - Over 90% of students served by SAILS have an invisible or hidden disability.
 - Also serve pregnancy, temporary disabilities, religious holidays
 - Expansion of DART services
 - All cart services

- Expansion of SAILS staff
- Awards scholarships to SAILS students (donated \$\$\$ from families of graduated students who were a part of SAILS)
- Nationally (students with disabilities graduating) = 35% in 4 years
- ASU = 86% of students in SAILS
 - Goal: over 90% of students in SAILS graduating / retention
- Every 'type' of disability is growing in SAILS registration
 - Spike in psychiatric was seen during and after Covid-19
- Largest groups serving: 1) Psychiatric, 2) ADD/ADHD, 3) Learning Disability
- New Initiatives:
 - Internships, academic coaching and mentoring, tech partnerships, awareness initiatives, Smart DART expansion, support services,
- Goal: want all students to benefit from the university that they are a part of
- Alexis: marketing initiatives, visual disability, disability awareness month
 - Accessibility Coalition
 - CoP should make an effort to connect with Accessibility Co
- Spirit, Pride, Tradition
 - William (Bill) Kennedy - Associate Athletic Directors
 - Student affinity initiatives
 - Jason Manning - Director of Student Media (State Press, Blaze Radio, Athletics Affinity, etc.)
 - Marketing x Athletics (opportunities for students)

 - Incentivization of athletics
 - Student athletic fee - making it worth the money!
 - Issue with students throwing things on the field
 - Collab with Inferno Insiders, 942 Crew, and Coalitions
 - Idea to highlight individuals that are nationally recognized athletes
 - Athletics fee review in the fall
- State Press, Blaze Radio = completely student ran, appointed by a board
 - Can collaborate as a united platform for essential information
 - Focus on building the relationship with and between state press and ASASU
 - Role as a public official and a leader = need media and press training, important skill
 - More authentic answer with an in person interview
 - State press is taught professional standards (no questions beforehand, in person, etc. ec.)
 - Could be 'a bad look' if we deny to make a statement/have an interview
 - Common questions re: CoP x State Press
 - Procedural rules, ahead of time meetings posted, state press reports on if ASASU abides by its bylaws

 - All members of ASASU receiving pay will have their amount uploaded to their finances tab

- This was started to allow for ASASU members to work other on-campus jobs due to the restructuring of hours
 - Dr. O'Brien to follow up re: scholarship roll-over
- Priorities
 - CoP is actively working to add to their priorities, meeting on August 1 to start finalizing concepts for pitch to ASU Administration
- USG-T President Kelly re: Online Directors
 - USG-T will be taking a unique approach to Online Directors this year
 - Goals: online students to have an in-person counterpart to foster inclusion and prepare for years to come re: the online student experience
 - Online Director of Student Engagement (will be an online student) Online Director of Student Advocacy (will be an in-person student)
 - Goal: after USG Senate and GPSA Assembly passed a bill re: hiring online Directors but President Kelly believes more structure is needed in the positions to yield future success.
 - CoP believes that this trial-and-error process will lead to future success of the Online student involvement within USG and GPSA
 - All-ASASU Online directors are to meet bi-weekly to establish precedent of what the program should look like
- Director and Senator Accountability

- Guests

- Dr. Aaron Krasnow (Associate Vice President of Student Services)

- Chair of the Health and Wellness Advisory committee
 - Hiring data scientist with epidemiology experience for health services to look at correlations/outcomes
 - Can then use this to inform decision making processes for programs, etc.
 - Megan -
 - Vision/dental
 - To continue conversation and work on creating memo to help translate some of the complexities to general student population
 - Dependent care
 - In works with the insurance company currently to develop a product to be able to offer this
 - Comes with a cost of course, the question is if anyone is to do this who will pay for it?
 - Included in a TA/RA package
 - Grad students pay for it themselves?
 - To be evaluated by ABOR - currently with the ABOR liaison
 - Alexis - Free flu shot clinics
 - Once or twice a semester
 - Have this be charged to insurance rather than be charged to student, then pay using USG/GPSA funds for uninsured
 - Would like to create a continued infrastructure
 - Dr. Krasnow - mostly a design issue
 - Have done things like flu shots, STI screenings sponsored by the student government, etc.
 - USG/GPSA to determine how much they would like to subsidize for individuals who do not have insurance
 - Do not need to market it in the direction of “uninsured” should be broadly marketed

- Health screenings - great idea but very difficult to pull off
 - Very expensive to do, would require large proportion of entire USG/GPSA budget
 - Would need to work with students who are getting degrees in nursing, nutrition, etc. to do these health screenings. Gain practice and save on cost.
 - Other barrier is how to get those who are not engaged with health and wellness to show up
 - How to market/promote better
- Morgann - Narcan initiative has been an extensive project, thankful for all the work/progress
 - Has been advocacy in making narcan more accessible to students
 - General population/conversation about narcan is ill informed. Fentanyl creates a downstream impact and has been politicized.
 - Overdoses related to opiates do not happen in dining halls, etc. people use these drugs in the context of their use.
 - As a result not likely to overdose
 - Can happen to unhoused people more often, which is why first responders carry narcan.
 - Main way to prevent fatal overdose is for people close to the user to have narcan
 - Is good to have narcan around places where people live ie. residence halls, greek village as mixing opioids and alcohol increase overdoses.
 - Accidental ingestion is another cause of overdose when people think they are using something else
 - Education is key
 - Most overdoses that have occurred at ASU were combination of drugs/alcohol and someone knew that the person was using
 - Known risk that people are aware of
 - Minimize the threat of this type of overdose
- Alecia Radatz (Executive Director of data for EOSS)
 - Utilizes data to track who we are serving and their outcomes
 - Train individuals to be able to do the data work themselves, reflect and make changes
 - Often have surveys that are already being done that may ask questions that are requested that can be utilized rather than surveying students excessively

- Workstreams: both quarterly outcomes group and data advocates group
- Ideas/requests for data in the upcoming year
 - Loop Jen into the conversation
 - Timeline for requests is usually a couple of weeks to a month
 - Harrison - will we have access to current data? Alecia - some can be shared, some is internal information.
 - Data for upcoming student population is not yet available
- Publicly available data found [here](#) and [here](#)
- 1st year connections survey
 - Health and Wellness: 45% stated “I have concerns in my personal life that might impact my coursework”
 - Over half stated they wanted to be connected with career services
 - All individuals who say yes get contacted for help
- Large-scale data projects
 - Cross-EOSS engagement
 - Actionable date for tracking student’s success
 - Making sure leaders are looking at data all of the time rather than reflecting at the end how the year went
 - Intentional skill building assessment
- Priorities for 23-24
 - Career outcomes
 - First year student success
 - Biggest drop off point
 - Know where students can get connected based on survey results
 - ASU enrollment
 - Making sure we are staying true to our inclusive charter
 - Making sure they are successful
- Joan Sherwood (Executive Director of Marketing for EOSS)
 - Serves as the primary media liaison
 - Function as full service corporate communications entity
 - Support messages reflecting the student experience via all platforms/modalities
 - Also called upon by members of the media to facilitate stories, for commentary, etc.
 - Interacting with the media “An Overview” presentation
 - Good press matters
 - Reach a large audience
 - Attract future students/faculty

- Inform the community about things ASU is doing
- EOSS media protocol
 - When contacted by a reporter first contact Jen, your Dean of Students Advisor, or another media representative within EOSS before engaging in any way
 - Ask the reporter questions
 - Who are they and who do they work for? With State Press, Cronkite, etc?
 - How will the interview be conducted? When is the deadline?
 - What is their story angle?
 - Ask if they have a list of questions
 - They may state that they cannot share their questions
 - An email statement is your friend
 - Could be a statement from one of us (USG/GPSA) or from the university
 - If attributed to one of us, we will review the statement to come to an agreement
 - If an interview is given in lieu of a statement
 - Background information:
 - Always good to gather information to provide to reporter
 - Important so that you are driving the narrative/direction of the story
 - Before:
 - Practice/coaching beforehand
 - Often do a mock interview, Joan happy to run through this with us as needed
 - Reporters can be genuine but can also try to trip you up at times
 - Silence all distractions
 - Turn off phone, computer, etc.
 - Alert those in your environment that you are about to have an interview
 - Prepare your top three talking points that really tell the story
 - Arrange a time/place for the interview

- Is this a high visibility event?
 - Strategic location based on topic
- During:
 - Pause and reflect on the questions before answering - this is intentional to think about how you want to respond
 - Speak about headlines slowly and clearly (your three points)
 - Show appropriate emotions in your answers
 - Be knowledgeable, sincere, and engaging
 - Be honest
 - Never lie or embellish the story
 - Reporters job is to get to the bottom of it so it is very important to be honest
 - Follow up with reporters to avoid mis-quotes
 - Avoiding typical reporter traps
 - Trap: talk about a problem
 - Response: talk about a solution
 - Use silence to get you to speak up - let there be silence
 - NOTHING is off the record
 - Block/Bridge technique
 - Rather than getting pulled into answering, use techniques to change the direction such as “let’s look at this another way”, “I’d prefer not to speculate on that”, etc.
 - Controversial/confidential information
 - Will be escalated through the appropriate channels with administration
 - Talk about it but not the details

- Tell your story
 - Be able to sum up the story in one sentence
 - ASU charter is a great place to draw from and incorporate into your talking points. Should be a point of pride regardless of the story you are trying to tell.
- Be accessible
 - Do NOT say “no comment”
 - Instead say something like “I’m not the best to answer that but will connect you with X before your deadline.
- Conduct interviews standing up, even if alone in your room, etc.
 - Helps to project, feel more formal, puts you in a different mindset.
- After:
 - How can we amplify the story on our own channels? (if positive)
 - If negative, what if anything do we say?
- Who is the media?
 - State Press, Cronkite, PBS
 - In today’s world everyone is a reporter (cell phones)
- What does this mean in the context of higher education?
 - Recent generations do not know a world where they are not able to self publish and tell their story
 - Understanding how things can go viral and taking ownership/responsibility of our own story
- Kimberly Frick, Anna Kelley (Victim Advocate for SRVP), Renuka Vemuri (Student Services Assistant for SRVP)
