

Upper School Supply List 2025-2026

In the Upper School, we are often asked if we have a recommended school supply list. While we strongly believe that students in the Upper School should have the autonomy to choose the school supplies that best help them to learn and stay organized, we also recognize that families may want a little guidance. Below, please find the **required** and recommended school supplies. For the recommended school supplies, feel free to substitute another product that accomplishes the same goal for your student.

Required Supplies:

- School-owned laptop through [Upper School MacBook Program](#)
- **Texas Instruments TI-84 Plus CE Graphing Calculator is required and will be used in every Upper School Math and Science course.**
- Lined Notebook paper
- Graph paper
- Blue, black, and red pens
- #2 pencils
- One 1-inch 3-ring binder for each academic class (usually 5 academic courses) or one larger 3-ring binder with dividers for all classes (5 core classes). Some teachers may prefer students to have a binder dedicated to their class.
- Composition notebook

Recommended Supplies:

- Locker shelves
- Assignment book - The Plaid Peddler does stock Heathwood agendas..
- Highlighters

Textbooks, Workbooks, and Novels

We have an All-Access program where all students' books & digital content will be provided by eCampus, and the families will be billed the bundled per-student price (\$395) through our Business Office on August 20th along with the annual MacBook lease fee (\$375). Textbooks will be delivered to campus and distributed to students at the beginning of the school year. Additionally, if a student changes his or her schedule, the updated books will be sent to that student without any action required on the part of the family. At the end of the year, students will return their rental books to Heathwood and we will coordinate the return to eCampus.
