

Colorado All-Hazards Resource Database

Vetted CRRF Resources

How to Status All-Hazards CRRF Equipment from the CRRF Equipment Board in WebEOC

NOTE: You must update the “Status” for all WILDLAND EQUIPMENT RESOURCES in both IROC and WebEOC. IROC and WebEOC are not connected.

Record of Changes

All potential changes will be reviewed and, if accepted, incorporated into the implementation plan during the next update. All changes will be annotated on the table below. All suggestions along with supporting documentation, as applicable shall be submitted via email to the All-Hazards CRRF State System Administrator, De Lora Karavolas; DHSEM Logistics All-Hazards CRRF Database and Program Manager at delora.karavolas@state.co.us for consideration.

Date	Change	Location

Introduction

The State of Colorado Division of Homeland Security and Emergency Management (DHSEM) platform for the Colorado All-Hazards Resource Database is WebEOC. WebEOC houses both vetted and non-vetted resources. WebEOC is the master database of record for all resources on file.

WebEOC is an automated database with cross board integrated functions to assist those seeking resources to be deployed as quickly as possible.

The Colorado Resource Rate Form (CRRF) allows agencies to list their equipment, personnel and specialty teams to be deployed. Allowing for efficient coordination, mobilization and reimbursement.

This set of “How-To” documentation focuses on the Vetted-CRRF resource portion of the database. Each “How-To” guide is broken down into the individual functions of the database.

For further assistance, please contact the Colorado DHSEM CRRF System Administrator De Lora Karavolas at crrfsupport@state.co.us or by phone at 720-630-0771.

Step 2: Available “Search” criteria’s

Note: The “CRRF Equipment Board” has extensive search capabilities.

Available “Search” criteria selections available in drop-down menus include:

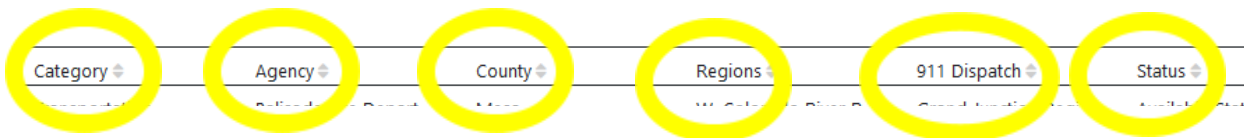

- a) Resource Category
- b) Agency
- c) County
- d) Region
- e) Equipment Status
- f) IROC?

Tip: Available search by areas as shown in the picture below.

The screenshot shows a search bar with several dropdown menus: "Resource Category" (set to "All"), "Agency" (set to "Select an Agency"), "County" (set to "All"), "Region" (set to "All"), "Equipment Status" (set to "All"), and "IROC ?" (set to "All"). Below these are two input fields for "Enter Kind-Type Search Terms" separated by "AND", followed by "Search" and "Clear Filters" buttons. On the right side, there are two buttons: "Bulk Status Update" and "Bulk Delete Update".

Note: Additional sort filter capabilities exist in column headers with up and down arrows next to them. **Tip:** shown below in the picture below located in the yellow highlighted circles.

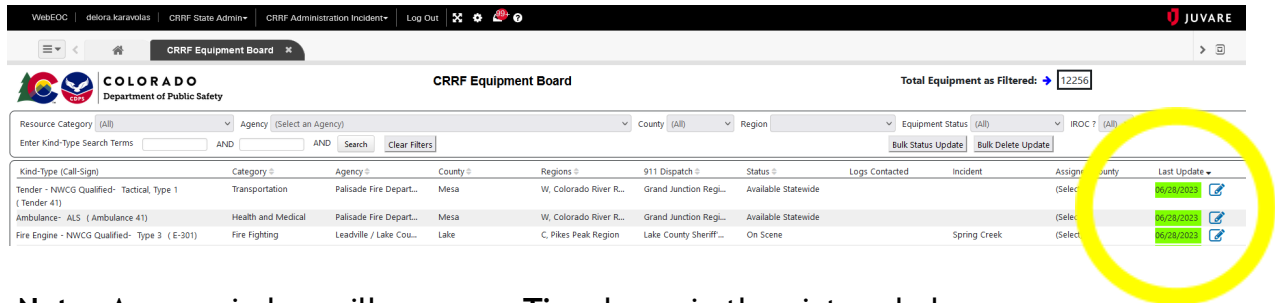

The screenshot shows the top of a table with six columns. Each column header has a small up and down arrow next to it, indicating sorting capability. These arrows are circled in yellow. The columns are: "Category", "Agency", "County", "Regions", "911 Dispatch", and "Status".

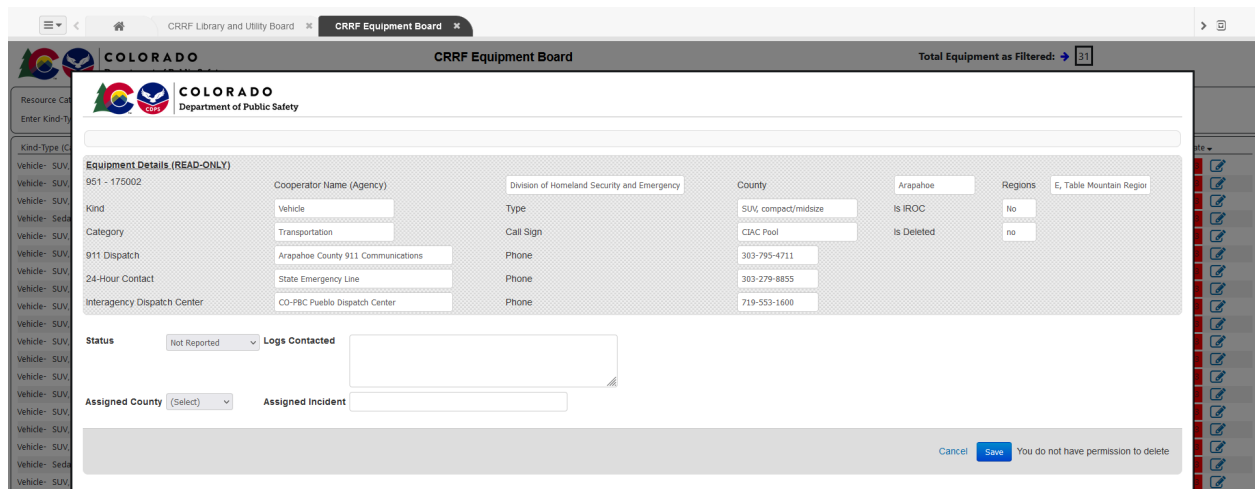

Category ↕	Agency ↕	County ↕	Regions ↕	911 Dispatch ↕	Status ↕
------------	----------	----------	-----------	----------------	----------

Step 3: Selecting the equipment resource to “Status”

- 1) Click on the Edit icon. It is located towards the right side of the page under the “Last Updated” column. Tip: shown in the picture below located in the yellow highlighted circle.

Note: A new window will open up. Tip: shown in the picture below

Step 4: Update “Status”

- 1) Click on the drop-down arrow next to “Status”
- 2) Click on appropriate status
- 3) Select “Assigned County” from the drop-down menu if applicable
- 4) Click “Save”
