Nevada Election Integrity & PAC Prohibition Act (NEIPPA)

Proposed Ballot Initiative for 2026 General Election

This initiative prohibits Political Action Committees (PACs) and dark money organizations from contributing to or coordinating with any candidate, campaign, or ballot initiative in the State of Nevada.

It bars candidates from accepting contributions or assistance from such entities and disqualifies organizations that fail to disclose all individual donors contributing over \$200 from making political expenditures.

The measure establishes an Election Finance Integrity Division (EFID) under the Secretary of State to oversee enforcement, investigations, and compliance.

Violations may result in civil penalties of up to \$50,000 per incident, disqualification from future elections, and, in cases of willful misconduct, felony prosecution.

All contributions over \$200 must be disclosed in real time through a state-managed online portal, including donor name, occupation, employer, and a signed declaration of non-coordination.

The Act applies to all state, county, and municipal elections and becomes effective January 1, 2026
