

Visit each link. Decide if it is real or fake. Write down the corresponding number and create a combination to try on the door.

HINTS:

- If you are unsure if the information is real, Google it. Trustworthy information can be found on other reliable websites.
- When you Google it, you might see “hoax” or “fake” in the search results. This is a key indication the information is fake.
- Try searching the information on Snopes.com, a fact-checking website.
