

Algebra - Internal 3 credits - Numeracy	
ACHIEVED	Form equations, Solve equations (line graph), Substitute
MERIT	Interpret data (in context)
EXCELLENCE	Create and solve your own equation
Literacy Strategy:	Chunking 3 Level Guide Achieved - Read on the line Merit - Read between the lines Excellence - Read beyond the lines
Teaching/Learning Strategy	Forming equations: Look for secret words which mean ONE: each, every, single, per; that number gets the letter Solving equations: =sum(Interpreting tables/graphs: Colour code cheapest prices and explain in context
