

Privacy Policy

TOV AIPIZAKHYST provides the Inkpath mobile application at no cost and makes it accessible on an “as is” and “as available” basis. This Privacy Policy describes the manner in which information may be collected, received, used, processed, maintained, stored, and safeguarded when you download, install, access, or otherwise interact with the application. By accessing or continuing to use Inkpath, you acknowledge that you have read and understood this Privacy Policy and agree to the practices set out herein.

Information obtained through the application is handled only for purposes associated with providing, operating, maintaining, supporting, enhancing, and developing the Service. We do not sell, rent, barter, or otherwise disclose personal information to third parties, except as permitted by this Privacy Policy or when disclosure is required to satisfy applicable legislation, regulations, court decisions, legal proceedings, or other lawful obligations. Unless a different meaning is expressly provided, capitalized terms used in this Privacy Policy have the definitions specified in the Terms and Conditions governing the Service.

Information Collection and Processing

Certain features available through the application may require information that can be used to identify an individual. Information voluntarily submitted by users may be collected, retained, processed, and used in accordance with this Privacy Policy.

The application may also incorporate third-party software, technologies, products, or services that may independently collect and

process information. Such third-party components may include, but are not limited to:

- Google Play Services

Technical and Diagnostic Information

In the event of crashes, errors, interruptions, reduced performance, malfunctions, or other technical difficulties, diagnostic information may be automatically generated by analytics tools, monitoring systems, crash-reporting mechanisms, or similar technologies.

This information may include IP addresses, device-related details, operating system information, application configurations, dates and times, log records, and other technical data reasonably necessary to diagnose, investigate, and correct technical problems.

Diagnostic information is used for legitimate operational purposes, such as troubleshooting errors, maintaining service availability, improving stability and performance, evaluating reliability, and enhancing the general functionality and user experience of the Service.

Cookies and Similar Technologies

The application does not itself create, retain, or administer cookies. However, third-party services integrated with Inkpath may use cookies or technologies with similar functionality for analytics, authentication, security, operational purposes, or other legitimate business activities.

Users may have the ability to manage, restrict, or disable these technologies through their device or browser settings. Please note that doing so may limit certain functions or negatively affect the availability, functionality, or performance of some features.

Third-Party Service Providers

We may use trusted third-party companies, contractors, organizations, service providers, or other partners to assist in delivering, operating, maintaining, supporting, and improving the Service. Their functions may include:

- Operating and maintaining the application;
- Performing services on our behalf;
- Providing customer assistance and technical support;
- Reviewing application usage and system performance.

These parties may access information only when such access is reasonably required to perform their designated functions. They are expected to protect the confidentiality of the information provided to them and may not use it for purposes unrelated to the services they perform.

Security of Information

We use reasonable administrative, technical, and organizational measures intended to safeguard personal information from unauthorized access, disclosure, alteration, misuse, destruction, accidental loss, and other forms of unlawful processing.

Nevertheless, no method of transmitting information electronically or storing data can guarantee complete security. For this reason, we cannot guarantee that information will remain completely secure or protected from every possible threat.

Third-Party Websites and Services

The application may provide links to or otherwise allow access to websites, platforms, applications, and other resources operated by third parties. These external resources are independent of us, and we do not control their content, privacy practices, security procedures, or information-processing activities.

Users should carefully review the relevant privacy policies and terms of use before accessing or interacting with any third-party resource.

Children's Privacy

Inkpath is not intended for children under 13 years of age and has not been developed specifically for children. We do not knowingly collect personal information from individuals under this age.

If we become aware that a child has provided personal information through the application, we will take reasonable steps to delete that information as soon as reasonably practicable. A parent or legal guardian who believes that a child has submitted personal information may contact us and request its deletion.

Changes to This Privacy Policy

We may modify, revise, update, replace, or otherwise amend this Privacy Policy at any time at our discretion. Any revised version may be published within the application or communicated through another appropriate method.

Unless a different effective date is specifically stated, any modification will become effective when it is published. Continued access to or use of the application after publication of the updated policy indicates acceptance of the revised Privacy Policy.

Effective Date: August 31, 2026
