Youth Horse Club is designed to be a fun, engaging, hands on club for youth that love horses. They will receive well planned sessions in: mounted games, handling and showmanship skills, and horsemanship. They will make friends, and participate in educational sessions and special opportunities geared for the age group that is completely different from our regular riding lessons and training sessions. It's the perfect compliment to their regular riding lessons.

Yearly Membership will run from May to November. Cost for the year is \$675+ tax.

Commitment to the horse club is for the full season. Regardless of any vacations or missed days.

This fun and exciting program is built off of our many years of experience running a successful pony club, and youth programming to deliver a format that provides exceptional value. This is not a substitute for riding lessons, it is a fun compliment to them for the student that loves horses. Recommended that participants be enrolled in regular riding lessons with Royale.
