

Professor Toto Teaches about The Constitution of the USA

Shane Vaughn ——— First Harvest Ministries International

1 I want to make this plane tonight and I want you all to listen no branch of our government none executive judicial legislature the house the presidency the courts not one branch of our government was created to protect you I need you to listen open those ears not one branch was created to protect you they were all created to protect the Constitution why is that because they knew that the only way a republic can survive the only which just like a Church The Only Way a church can remain strong there must be a final Authority I want you to hear what I'm telling you the most important thing in

2 America is not you or your children or your grandchildren it is your Constitution this book right here this is the most important thing in America this is the most important thing in the church you see these two books without them you have a joke if you don't have this book then you will try to please the people in the church oh yeah I'm going to teach you now if you don't have this book as your final Authority then you'll try to make everybody in your church like you as a preacher you want to make everybody like you but there's a problem because when you open this book and it says if a man

3 lies with another man as he does with a woman that man is unclean and he is an Abomination unto his God thank you that book doesn't care about you it doesn't care about your feelings it doesn't care about how you see things oh no that book shuts you up oh Hallelujah I said that book will shut your mouth and make you submit same way with the Constitution here I don't want to throw that on the floor son same thing with the Constitution of the United States of America it doesn't matter what you think about America you can call it a democracy you call it what you want to this book calls you a liar

4 this book says that your opinion is worthless if it don't line up with this book you can come on son you're fine they all know we're working the only way that the Republic can survive is we must protect this constitution without you the keepers of our Republic what did Benjamin Franklin say if you can keep it I'm calling on you tonight Patriots God-fearing Americans can we keep it the question is not up to God it is up to God's people who have heard the call of God to fight for this Republic if you want to fight for the Republic you have to fight for truth because that is the foundation of

5 this Republic
