Author: The Associated Press

Article Text:

TRENTON, Tenn. - A man driving a car that was reported stolen was shot and killed by police during a traffic stop.

Dist. Atty. Clayburn Peeples said the unidentified driver was killed Monday at about 9:15 p.m. Details about the shooting were sketchy. Police Chief Will Sanders was out of town Tuesday and unavailable for comment.

"There are no indications that it was anything other than self-defense on the part of the officers," Peeples said. Three officers were at the scene.
