The following includes a representative cross-section of quotes, memes, posters (opinions) & news+ that are usually politically spun, censored, mischaracterized or otherwise silenced on FAKE Social, Mainstream Media, by Madison Ave, infiltrated corrupt Academia, NGOs, Big Publishing, Big Banking, Monopolistic Multinationals, bought and paid for Government, and/or the "Disinfotainment" establishment, all pushing for a Globalist/One World Govt. and/or the hegemonic tyranny of Talmudic Marxist (theocratic/ideological) dictatorship. This increasingly also shows how Alternative Media is evolving in terms of remedial truth driven populist and free speech content.

"What's Behind the 'Antisemitism' Epithet" updated 01/11/23 (newest first) last previous 01/04/23

• ... is a representative cross-section of mostly uncensored "Antisemitic" Alternative Media submissions regarding Jews, Jewish influence, Zionism, Judea, or Greater & Lesser Israel. Up until recently, there was a Facebook group by the same title that has, in one fashion or another, repeatedly been censored, erased, and blocked by Facebook gatekeepers. Apparently even an open summation of "Antisemitism" examples as found even on FB and other FAKE Social Media platforms too are to be substantially censored and otherwise made impermissible across the length and width of the greater FAKE Media News, Big Tech and

'Disinfotainment' establishment. In fact. Without question, the cornerstone of what is the most censored material and information, is what is virtually always smeared, slandered, sanctioned and/or defamed with the "Antisemitism" epithet. Therefore this section is being shared because there clearly has been a major uptick in what are all too loosely defined as "Antisemitic" submissions over the last year and more. We should all be aware of this change in the public's awareness. Another important lesson learned, and only confirmed herewith, is that what has to be censored by the prevailing, always tyrannical, and fraudulent powers that be, are invariably 'inconvenient truths,' for falsehoods can never stand up to what objective scrutiny inevitably reveals. These corrupt interests, the very ones that this section primarily focuses on btw, are also the greatest monopolistic purveyors of all manner of FAKE 'Disinfotainent,' be it what is panned off, either directly or indirectly, as news, both fiction and non-fiction media, history, the science disciplines in the broadest sense, also the arts, or even the culture of Madison Ave. promotion.

ukraine, and its scams, is part of the globalist corruption, and war against the 99%, empire. that is why the globalist puppets keep throwing our money at it. they never ask where in the budget they will find the money. they never budgeted the money. they just throw our money into their corruption without any questions or accountability, never asking where in the budget the money is. they just cause inflation creating money for their corruption. the globalist owned central banking system incentivizes the globalists causing, and increasing, our poverty to increase their wealth, and control. the puppets only ask where in the budget is the money as bs to deny the 99% what the 99% already paid for with taxes. to stop the corruption and systematic impoverishment of the 99% we must end the globalist owned central banking system. end the fed. put the globalists to death for their capital crimes against humanity. recapture, and terminate, all the institutions the globalists have captured with their corrupt puppets and agents.

climate change is just another globalist fraud; money, and control, grab scam based on lies. stop falling for the globalists' noble lies. stop the globalist exploitation of the 99%. stop being so stupid, or apathetic, you help the globalists screw the 99% even more. we all must revolt against the globalist genocide and enslavement of the 99%.

the green bs is based on lies. there is no climate crisis. co2 is great for life. more co2 is better. burning petroleum makes the planet greener. the green bs lies are just part of a globalist energy control anti 99% agenda, to impoverish and control the 99%.

the energy denial, "stupidity", was intentionally done to impoverish the 99% and let globalists exert more abusing control over the 99%.

money control and the inflation the controllers intentionally cause, is just another globalist fraud; money, and control, grab scam based on lies. stop falling for the globalists' noble lies. stop the globalist exploitation of the 99%. stop being so stupid, or apathetic, you help the globalists screw the 99% even more. we all must revolt against the globalist genocide and enslavement of the 99%.

end the fed and bankers don't control the economy. minimize government spending and the politician's puppeteers don't control the economy. let the workers keep the money they earn and the working class controls the economy. then human production produces what the people want.

gun control is just a globalist control grab based on the noble lie that defenseless people are safer. stop falling for the globalists noble lies helping the globalists screw and abuse the 99% even more.

jabbers deny information gathering. jabbers deny autopsies and investigations. jabbers say we still don't know because they prohibit us from finding out. jabbers say because they don't know because they refuse to look into it, that we who have looked into it, can't be correct. jabbers insist, because they don't know because they refused to look into it, they are correct, and everyone must agree they are correct because they don't know. humanity has to be not-sentient stupid to fall for the jabber bs. end the ignorance, demand honest investigations. stop believing liar scammers who abuse us all because idiots fall for their lies.

covid is a planned genocide bioweapon attack on the 99% by the globalist cabal. the globalists created and attacked the 99% with covid for genocide, eugenics, and so they could enforce abusive, and exploitive, controls against the 99%. this has been well documented in writing, patents, and speeches.

stop the globalist unconventional war against the usa. stop falling for the globalist destroy the 99%, genocide, and enslave the survivors, agenda.

you are stupid if you think the damaging government policies are stupidity and not intentionally screwing the 99% as much as possible to carry out the globalist agenda of owning the entire planet, people and all. all government waste is taken from the pockets of the 99% and wasted into the pockets of the globalists.

the globalist system protects globalist agents. that is why the globalist captured judicial system produces such injustice always in favor of the globalists and against their opposition.

Vaxxing Deaths or Covid Deaths?

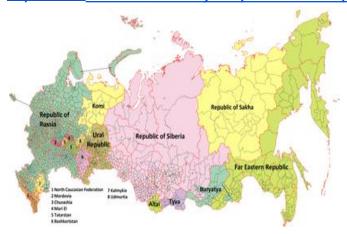

https://www.unz.com/runz/vaxxing-deaths-or-covid-deaths/

We have known for a long time that wide-spread 5G EMF radiation exposure is irrefutably dangerous and responsible for 100s if thousands of horrific radiation poisonings from its very first full scale urban launch in Wuhan at the very same time that the Covid-19 Pandemic started there. It was all simply too convenient and coincidental. 5G radiation poisoning had emerged at virtually the same symptoms as the "gain of function" enhanced bioweapon that would be called the Coronavirus, CV-19 that was being developed at the level 4 lab right there in Wuhan as well. But the 5G connection was simply covered up first by the CCP and then the US so that its victims could be associated with the greater Coronavirus outbreak and emergency that was spreading across the world. 5G was just too important to the tyrannical powers that be to implicate as well because it was the key to the most comprehensively invasive population control technology yet developed. Given this, Big Tech, Big Pharma and all the coconspirators behind the Globalist move to take over much of the free world and beyond then piled

more and more lies on top of it to virtually everyone's detriment. And that's not even half of the greater ghoulish story. Don't take my word for it. It's can all be found if one digs for the salient points for a while. BCF From https://gab.com/home>

The forcible and painful amputation of healthy and functional tissue from a non-consenting person, leaving the body scarred for life, IS mutilation. In the case of circumcision, it's also sexual assault and battery of the highest order. The logic is clear. Anyone who says any different: ask them if their fingertips were chopped off, would they consider that mutilation?

When I was young I was taught right from wrong. These days, all I see are people trying to convince others wrong is right.

This is an interesting thing to consider. I just recall my father telling me over 60 years ago that "fossil fuels" are what is left of the extinct dinosaurs. That's what everyone was led to believe at the time. Less than a decade ago or so however, I learned that Rockefeller's Standard Oil had come up with the fossil fuel promotional gimmick in order to imply that ground oil was both rare and non-renewable, justifying a higher per barrel price and more profit for Standard Oil. This is the same Rockefeller who invented the oil derived pharmaceutical industry based on the already outdated Germ Theory of disease in order to maximize profit and the monopoly exploitation of public dependency on the industry's less than curative medicines.

The Civil Rights Laws/Act of 1964, fundamentally changed the 'power structure' of America. These CR Laws were passed to stop America from being burned to the ground, by those 5,000 black race riots, 250,000 FIRES! 1963-1973

And maybe nuked to oblivion by a USSR (Cold War) that saw a weak America in the throes of a Race War. A Civil War.

Stopped (Slowed actually, never stopped to this day) by granting Special Powers and Special Privileges to members of the Civil Rights Coalition. IE; the US Government Created a Government backed, upper Class, by Law. Women Blacks, Jews, Catholics, Homosexuals all became de-Facto Aristocracy.

Something unusual is happening with the Russian Black Sea fleet.

Sudden Surge In Russian Navy Ships And Submarines In Black Sea

Ukrainian forces will be monitoring a sudden movement of Russian warships and submarines out of their base of Novorossiysk. The naval base, near the Kerch Bridge, is

further from Ukrainian controlled coast than the famous base at Sevastopol. Yet the unusual movement may be important.

This morning Russian Navy ships and submarines left their base at Novorossiysk, in the Black Sea, en-masse. This is highly unusual and may indicate ongoing operations.

Sources seen by Naval News confirm the exodus. The group included the Project 11711 Ivan Gren class landing ship, Pyotr Morgunov, the largest amphibious ship in the Black Sea.

It also contained all three Project 636.3 Improved-Kilo class submarines which were present at the base. Analysis suggests that other warships were also sailing, leaving only a few warships and support vessels in the port. It is likely the most empty that Novorossiysk has been in many months.

trump vaccine warp speed

ZOGnald Trump's (((Truth Social))) Bans Dr Sherri Tenpenny... Here's the Reason Why http://stateofthenation.co/?p=119546

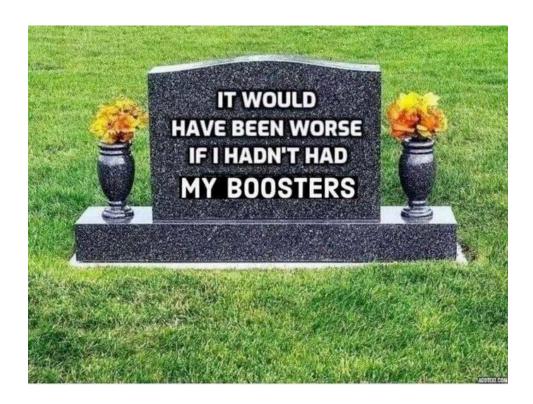

This "vaccine" (or as I call it, The Poison Death Shot) is a bioweapon, which is injecting spike proteins laced with synthesized snake venom and nanoparticles that are placing Artificial Intelligence inside the bodies of victims, with its basis in Quantum Computing, which many believe is rooted in demonic forces. This is transhumanism playing out before our eyes, and Dr Tenpenny has been at the forefront at calling this out.

Thus, Trump's team did not want to have Dr Tenpenny undermine his claim to be the man who saved the world by fast-tracking these deadly jabs. This, I presume, resulted in Dr T's permanent suspension from Truth Social.
