

Austin Lahmon

Hello Panther Nation!

I grew up around Waverly/Eagle. I have always had a passion for working with youth so it was a no brainer for me to leave the business management world to pursue my Masters in School Counseling from Concordia University. I have since furthered my education with a second Masters in Educational Administration from Concordia as well.

My summers are spent coaching softball/baseball and spending time with my wife and two daughters, Blayklee and Hadleigh. We enjoy art, crafts, gymnastics, softball, and making memories in any way possible.

I have enjoyed serving as the Bennet Elementary school counselor and look forward to continuing to serve the students, families, staff, and communities of District OR-1.

Fun fact: I have a rather unusual path to the education field. Prior to serving in the education field, I managed a gym franchise in Lincoln. I also have experience in management at Hudl.
