

Students Viewing Standards Grades by Assignment in Student Portal

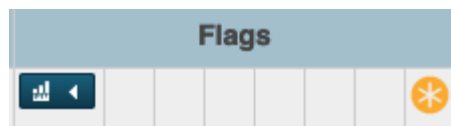

1. The student should log into their PowerSchool portal at www.powerschool.rsu13.org (if you do not know your student's login information, please contact your child's school)
2. Our district code is FFZH.
3. The default screen is usually grades and attendance. If a student is not there, they should click on the tab on the left.

4. The student should then find the class they would like to review the scores in and click on the [i] for the class.

- The student will see a list of assignments for that term. Under the **Flags** heading, there will be a blue button. Selecting the blue button will cause the standard scores to be

visible.

6. Students can now see the standard scores on that assignment.
