

A list of alternate universes where grid gets different legendary classes

Legendary Miner:

'Gis' Descendent?'

Grid shook his head at the ridiculousness of the situation. Looking through his inventory, it seemed like he couldn't equip any of his old items. Certainly not as a level 1 character. Looking closer, he saw the fine print of the class itself.

[Legendary Min...]

Grid stood at the doors of the Yatan temple for a few seconds, before voicing his opinions.

“What is this @\$!?. I survived that hellish dungeon just to do more labor!? This game is trash!” I can’t @#\$& believe this !*&%@!

Walking away from the gates slowly, his foot naturally kicked a pebble further down the path.

[Legendary Miner’s Intuition Passive Skill has activated.]

“Any more @#%! From this trash system and I’m goin-”

[20% or more of Gold Fluorite has been detected in the contacted ore.]

“ ... ”

“G-gold?! This is honey!”

This was all grid needed to pick up the small stone and dive into the grassy lands for more.

[Destroying precious ore to add new minerals to compendium.]

“WAIT STOP !@\$!!%#%!\$”

Legendary Swordsman

[Muller's Old Book]

Rating: Legendary (Growth)

[A book the legendary Sword Saint Muller wrote in his last years. It holds the secrets of reaching the pinnacle to becoming one with the sword.]

“This...”

Grid tried to continue his sentence, but was far too overcome with the desire to bawl like a child.

“T-this is...”

He stared at the worn leather cover for some time before acting correctly.

“THE BEST-”

Grid began parading around the room with no end in sight.

Far away in the Kesan Canyon...

“Achoo!”

An old man with white hair and a short, mangled beard sneezed loudly.

“Asmophel must be talking shit about me again...”

Far away in a high leveled hunting ground...

A long black haired young man with a silvery long sword attached to his hip committed the same act.

“Achoo!”

The sneeze echoed long and far.

“I think someone just %&\$#ing stole my class...”

Legendary Magician

[Braham’s Rare Book]

The book of a legendary Magician! All his rotten luck finally paid off! With this, he’d finally be able to pay off his debts. Becoming a mage wasn’t the first thing he had in mind, but who would decline having a legendary mage like him in their raid?

‘Mom, dad, sister, your son and big brother has finally hit gold!’

Grid opened the book to the first page.

So you think you can become a mage, huh? Bah, I don’t think you’ve got what it takes!

‘...’

‘What.’

A magical golden glow surfaced from the book's pages and surrounded Grid, dancing on his skin, before spiraling back into the sollom cover.

BAH! You're current magic reserves are pitiful, and you're magic core is so pathetic I think it's accumulated dust! There's no way you'll be able to learn my spells with your body and skills. Try again with another life you simpleton.

"Wait WHAT! I did all the grinding for months to get to this @\$#@ cave and you're telling me I'm not good enough!?"

That's exactly what I'm telling you! You'll never become a mage you worm!

"I'm sure you'll sell nice on the online auction!"

The book then started to wiggle out of Grid's hands and fly away in the opposite direction into the mouth of the cave where he had come from...

Straight into an earl Asher.

You! Now your skill are equally #!\$@%, but you have potential! How would you like to become the legendary magician?!

"!@\$#@%\$@^#%"

Legendary Undefeated King

[You have become Madra's Descendent]

[Earl Ashur has appeared.]

“.....?”

While Grid was struggling to understand what was going on, dozens of knights jumped into the cave. Then the familiar Earl Ashur appeared. Grid panicked when Earl Ashur found him. The earl's expression became distorted. “Foolish traveler, you all have the same greed.”

[If you die as Madra's Descendent, your qualifications will be lost and any transcendence achieved will be taken away permanently.]

“No No-”

[Earl Ashur's Anger]

[Difficulty Level: SS

Earl Ashur chose you due to...]

“No no no--”

[Even The Undefeated King's Descendent has never lost a fight. Legendary Pressure is now exerted.]

[The legendary skill, The Absolute Victor, has been forcibly activated.]

Earl Asher and his knights all took a step back, flinching at the killing intent and immense pressure radiating off what seemed to be a protagonist.

“K-Keuk!”

They gazed at him with fear and frustration.

“This pressure!?”

“Huh?”

Grid couldn't even understand something as simple as this. The power was far beyond his comprehension, so he was forced to only be a little happy.

'Can I actually beat them?'

The knights clearly didn't seem to want to fight.

"Hah, you fools chose to fight me!?"

Grid had no understanding of his own recently gained power. This however, did not stop him from completely overestimating his own abilities as beyond anyone ever.

Because there was one thing he overlooked.

[Level: 1

Health: 75]

"Magic Missile!"

Grid shrugged. There was no way he could die, not with this new class of hi-

[You have died.]

[Reverted class to warrior]

[Level is still 1]

"#@%# *^%@!"

Legendary Necromancer

[Book of Baal]

"Is this treasure?" Grid wondered silently.

After a few minutes, he finally decided not to examine it as it was not very suspicious.

Earl Ashur finally made his way to the spot where Grid stood.

“K-keuk!”

Earl Ashur immediately recognized the book Grid held as the sole way to communicate with the 1st demon of hell, Baal.

“What are you doing with Baal’s Book?!”

“Baal?”

“Finally someone invokes my name!”

“Oh god...”

Grid didn’t pay much attention to the backstory of Satisfy’s worldview, so he was very unfamiliar with Baal’s character.

“Baal? Is that some sort of holiday?”

“ ... ”

“ ... ”

“ ... ”

“Your death will be quick.”

Grid watched as everyone around him, including Earl Ashur, fell to the ground lifelessly.
