Dear Parents or Guardians

School Name would like to make you aware of the **Affordable Connectivity Program (ACP)**, a federal government program that provides up to $30 a month **discount on internet service** per eligible household. All households at this school qualify for the ACP benefit.

Internet access has become an essential part of fully participating in school and we want to ensure your student has reliable, affordable access at home. As your student(s) attends **School Name,** a school that participates in the **U.S. Department of Agriculture's Community Eligibility Provision (CEP)**, your household is automatically eligible to receive the ACP benefit. This letter confirms that your student attends a CEP school during the 2022-2023 school year.

This letter can be submitted during the application process to demonstrate eligibility for the Affordable Connectivity Program. Please upload as many of the following as possible as proof of eligibility: (1) the CEP letter (this page), (2) School ID (next page), (3) Aeries Portal homepage screenshot, and (4) most recent report card. We encourage you to apply again if you are mistakenly denied the first time as all TK-12 OUSD households qualify.

If you need assistance, contact the ACP Support Center directly at ACPSupport@usac.org or (877) 384-2575, seven days a week, from 6:00 a.m. to 6:00 p.m. PST.

We are here to support you regarding the ACP benefit as well as any other concerns you may have.

Best Regards,

Dr. Kyla Johnson-Trammell
