

Welcome to your first College Unbound exhibition. It will be fun, we promise!

This guide will talk you through the exhibition process step by step,

Before Exhibition Day:

- Step 1-- Return to your Story of Self, Us, & Now, your Vision, & Mission. Through your first 8 weeks, your work and ideas may have shifted, clarified, or completely changed. Work to get these pieces in line with how you understand yourself and your project right now.
- Step 2-- Explore the [Pechakucha](#) website.
- Step 3 – Build your Pechakucha with images that tell your story, share your vision & mission, and (optional) your PLN and/or interviews. You will be giving your presentation live, so no need to record audio! You also have the option of [using this google template](#) instead of the website.
- Sign up to be a hype person, take notes on feedback, and/or keep time for a fellow cohort member.

Exhibitions:

Faculty welcomes everyone in the room, announces that the exhibition will be recorded and invites new participants to introduce themselves and their relationship to the work being shared, and then introduces the process.

1. The supporter/hype person introduces the presenter with lots of energy and love.
2. Presenter begins. Pechakucha is always 6min 40 sec. Hard stop at 6.40!
3. Facilitator begins [Melorah Feedback](#) process. 5 min for each presenter to receive feedback.
4. Round of immense applause!... Then we begin again with the next supporter/hype person...
