

BAC SEE Committee

June 2021 Meeting

Date: June 10, 2021; 6:00pm-7:00pm

Meeting Location: Zoom

Meeting Attendees:

Gregg Adams, BAC Member, Chair, Facilities Committee

Tim Hampton

Meeting Agenda:

Start Time: 6:05pm

1. Introductions
2. Other Business
 - a. We discussed the perspectives of Ward 8 residents on road and bicycle safety. We brainstormed what strategies could be developed to move the conversation forward.
 - i. Even the most anti-bike ANC still has road safety or pedestrian improvement requests and are asking DDOT for changes. Perhaps collecting general safety requests from each ANC and championing that could help. How do we change the narrative or help moderate opposition?
 - ii. Suggested that there can be more organization per ward.
 - iii. Find allies - especially on safer streets or a broader array of street safety issues (such as traffic calming). These issues end up helping biking. Dispel myths.

End Time: 6:58pm
