Notice to All State, County, and Municipal Law Enforcement Agencies
[Notice of Demand to Cease and Desist Interfering with the "Peoples" Business]
Warning Legal Document
NOTICE OF LIABILITY & Common Law
Notice to Agent is Notice to Principal and Notice to Principal is Notice to Agent

I, _____, (one of the "People" as seen in the Constitution of the State of Illinois, Preamble), come Sui Juris, in this Court of Record, giving you Notice of the following claims and facts that you and your agents may provide due care;

Please take Notice, the "People" hold all power in the state of Illinois and in this Nation. The government is given authority by the "People" to perform the business of "We the People" so that the "People" are free to pursue our own lives with faith in our magistrates, trustees, and servants that they will perform their "Oaths of Office" with honor and integrity.

State of Illinois Constitution, Article 1 Bill of Rights SECTION 1. INHERENT AND INALIENABLE RIGHTS: "All men are by nature free and independent and have certain inherent and inalienable rights among which are life, liberty and the pursuit of happiness. To secure these rights and the protection of property, governments are instituted among men, deriving their just powers from the consent of the governed."

Please take further Notice, it is the duty of all County Sheriffs to know the State and Federal Constitutional Rights of the citizens in his county, and to protect and defend those Rights whenever called to a developing public situation. Federal statutes/laws protecting both Constitutional and Civil rights while the Rights designated in one state apply to all states nationwide. See references below:

2011 U.S. Criminal Code, Title 18, Crimes and Criminal Procedure Part 1-CRIMES
(§§1 - 2725) Chapter 13-CIVIL RIGHTS (§§ 241 - 249) Section 241: Conspiracy Against Rights of Citizens. "If two or more persons conspire to injure, oppress, threaten or intimidate any citizen in the free exercise or enjoyment of any right or privilege secured to him by the constitution or laws of the United States, or . . . prevent or hinder his free exercise or enjoyment of any right or privilege so secured. They shall be fined not more than \$10,000, or be imprisoned not more than 10 years or both and if death results, they shall be subject to imprisonment for any term or years or for Life."

U.S. Constitution Article IV, Section 2, p. 1

"The Citizens of each State shall be entitled to all Privileges and Immunities of Citizens in the several States." [Emphasis by Highlight Added]

U.S. Constitution Bill of Rights Amendment X

"The powers not delegated to the United States by the Constitution nor prohibited by it to the States are reserved to the States respectively, or to the people."

Please take further Notice that the main responsibility of Law enforcement is to enforce the laws, not to interfere in the "Peoples'" business. No one in charge of any Public Venue such as the following has/have the Constitutional authority to block the "People" from observing, recording, and/or voicing their observations, objections, opinions or concerns: School Boards, Zoning Boards, City Councils, Bus Stations, Airline Terminals, Train Stations, Post Offices etc. or any other public municipal entity in any city, county or state.

Definition of Black's Law for "Public", Abridged 6th edition: Open to all; notorious. Common to all or many; general; open to common use. Belonging to the people at large; relating to or affecting the whole people of a state, nation, or community; not limited to or restricted to any particular class of the community." (Page 854)

Constitution of the State of Illinois, Article 1 Bill of Rights, SECTION 5. RIGHT TO ASSEMBLE AND PETITION: "The people have the right to assemble in a peaceable manner, to consult for the common good, to make known their opinions to their representatives and to apply for redress of grievances."

Please take further Notice, all public officials in every county, district, and state as well as every municipality must take an oath of office, The Oath of Office for every Elected Official can be read in ARTICLE XIII, SECTION 3 of the Illinois Constitution., the very same oath that Sheriffs and other government workers must take. The Constitutional Duty of Law enforcement agencies, and all municipalities in Illinois is to support the Constitution, sworn under Oath and filed as a public record with many are bonded. Tyrannical behavior by elected officials is abhorrent to the "People" and is maladministration. See references below for Constitutional authority of the "People" to instruct their government representatives and the Oath of Office:

Constitution of the State of Illinois, ARTICLE XIII, GENERAL PROVISIONS, SECTION 3. OATH OR AFFIRMATION OF OFFICE: "Each prospective holder of a State office or other State position created by this Constitution, before taking office, shall take and subscribe to the following oath or affirmation: "I do solemnly swear (affirm) that I will support the Constitution of the United States, and the Constitution of the State of Illinois, and that I will faithfully discharge the duties of the office of to the best of my ability."

Constitution of the State of Illinois, Article 1 Bill of Rights SECTION 4. FREEDOM OF SPEECH "All persons may speak, write and publish freely, being responsible for the abuse of that liberty. In trials for libel, both civil and criminal, the truth, when published with good motives and for justifiable ends, shall be a sufficient defense."

Please take further Notice that all Constitutions contain provisions protecting the rights of the "People". These include the right to Remonstrance of their representatives. The Sheriff's duty is to uphold those Constitutional Rights. The position these public entities who serve communities are taking, places them in direct violation of their Oaths of Office. In addition, public venues such as commercial enterprises do not have any authority to override the Constitutional Rights of any of the "People." They, these commercial places, are creations of the Legislatures of every state and therefore are bound by those oaths given by the elected representatives of the "People."

That same sworn vow binds every Law Enforcement Officer to supporting and defending the Constitution. The Oath of Office you took requires you to police government officials who violate their Oath while violating the very Constitutional provisions that protect the "Peoples" business. Every Sheriff should access these URLs for more specific information:

<https://www.powerdms.com/policy-learning-center/what-is-constitutional-policing>, and www.PoweroftheCountySheriff.org. See Oaths of Office below:

National Liberty Alliance.org published the "County Sheriff's Handbook Sheriffs Oath: "I hereby do solemnly swear that I will support and defend this Constitution for the united States of America, against all enemies, foreign and domestic, so help me God".

Please take further Notice that the quotation located on page five of the "County Sheriff's Handbook" states, "The Law of the Land consists of: (1) the Constitution, written by "We the People", under the authority of God, to empower, control, and restrict government servants. (2) Common Law which is written by God in the hearts of men; and, (3) Statutes which are written by legislators. Any statute or code that violates Constitutional provisions is null and void, and that is why we need a Constitutional Law protector who knows the difference."

Please take further Notice from the "People" you protect. Your primary allegiance is to the "People", to the Constitution of your state and to the U. S. Constitution, not to public servants or law enforcement superiors. Every government in every state was instituted by "We the People" to take care of their common business. "We the People" are the ultimate authority over every level of government. See Constitutional reference below that also applies in Illinois per Article IV of U.S. Constitution:

Constitution of the State of Maine, Article 1 Section 2. Power inherent in people.

"All power is inherent in the people; all free governments are founded in their authority and instituted for their benefit; they have therefore an unalienable and indefeasible right to institute government, and to alter, reform, or totally change the same, when their safety and happiness require it."

Please take further Notice that the Office of Community Oriented Policing Services (COPS Office), a component of the U.S. Department of Justice, issued a report in 2015, 'Constitutional Policing as a Cornerstone of Community Policing,' which included the following reference:

"At its most fundamental, constitutional policing is legal policing—that is, policing that operates within the parameters set by the U.S. Constitution, state constitutions, the body of court decisions that have interpreted and spelled out in greater detail what the text of the Constitution means in terms of the everyday practices of policing."

Please take further Notice that any federal regulations and/or mandates that are not Constitutional and amount to slavery, which our national Constitution prohibits, (See text below). The fact that our present governmental system has taken illegitimate liberties with our Constitutional Rights only proves how critical our law enforcement officers, especially our Sheriffs, have become to the safety of the People. Multiple resources support this statement:

US Constitution, Bill of Rights, Amendment XIII, Section 1:

"Neither slavery nor involuntary servitude, except as a punishment for crime where-of the party shall have been duly convicted, shall exist within the United States, or any place subject to their jurisdiction." [Emphasis by Highlight Added]

Constitution of the State of Illinois, ARTICLE I BILL OF RIGHTS SECTION 2. DUE PROCESS AND EQUAL PROTECTION: "No person shall be deprived of life, liberty or property without due process of law nor be denied the equal protection of the laws."

National Liberty Alliance.org published the "County Sheriff's Handbook" quotation from page 6-7: "Show us a County Sheriff that does not know the Law and we will show you a Lawless County. Because it is in the nature of unrestrained government servants to seize more and more power and control over the People and this is precisely why we need a true Lawman who takes pride in the knowledge of the Law. The office of the Sheriff is not to blindly enforce codes, rules and statutes but to enforce the Law and constitutional statutes that prevent lawless servants from injuring the People; it's up to the Sheriff to "bind the government servant down from mischief by the chains of the Constitution." Thomas Jefferson"

Please take further Notice, County Sheriffs have resources that they can utilize to protect the "Peoples" Constitutional Rights and are fully capable of taking an active role in defending them; and the office of the County Sheriff is an integral part of the law enforcement community of every county and serves as a critical component of the effective performance of our municipalities.

Please take final Notice that our Constitutional Rights are inviolate. This is your opportunity to honor your oath by refusing to participate in any official way with the entities who attempt to involve you in their maladministration and malfeasance during the execution of the duties of their office. It is time for the County Sheriffs to team up with the relevant Grand Juries and local law enforcement to hold all officials accountable who exceed their authority and perpetrate flagrant Constitutional violations upon the People. Therefore, all Law Enforcement Entities are hereby warned to Cease and Desist interfering with the Peoples' business.
