2.B. Process for Evaluating Implementation: Please describe how the LEA will evaluate the effectiveness of these interventions.

Evaluation:

Adding teachers at the elementary: Documented reduction in class size and provided more one to one with the reduction in numbers for each class. Monitor scores each 9 weeks and show increased intervention within the classroom. Student performance on testing and 9 week grades show an increase.
Utilizing LPC for the mental and well being of our students. Documented student utilizing of services and the increased amount of time students are staying in the classroom and attendance improved. Document each 9 weeks.
