

Battle of the Counties 2025 season

The Chester County Cheetahs face off against the Montgomery County Monarchs. Players play for the team based on where they live or work. Players from other counties may field teams of their own, or join an existing team.

Each matchup will see teams of five players play against each other. More than one matchup may occur at a single club meeting.

There will be 4 singles matches and one doubles match. Then a Golden Game. The Golden Game has every player rotating into a single game to 21 points. Each match will be exactly 3 games. Each game counts as 1 point towards their side's total. The Golden Game is worth 6 points.

Sessions will be:
6/17, 6/21, 6/24, 6/28, 7/1, 7/15, 7/19, 7/22
Play begins 30 minutes after the club opens.

Results, rosters, and standings will be posted at PhoenixvilleTableTennis.com

Each team will list three players, 2 singles and one of the doubles players. Each team will then set their remaining players opposite of those choices.

Teams are encouraged to field players who did not get a chance to compete the previous session.
