I had a question about Chiropractic services, but then I noticed something on your site and got entirely distracted.

I wanted to follow up with you and ask if you had a chance to watch the quick video I made about the [Practice Name] website?

Did I come on strong or not strong enough?

Hey, I sent over a video I recorded while I was on your website... I was sure you would want to see it?

It's ok though I don't give up easily. Here it is if you are interested <Insert link to video>.

Can you let me know either way?
