### **Commission Details:**

#### **All pieces are for private use only**

Feel free to use your piece however you like, so long as it is only for private use (basically, don't use it to make money, don't claim you made it, you get it)

**All pieces are completed digitally and sent out via email.**

#### **Available:**

**Icon \$35**

Can have Square or Round Framing, or a transparent background.

**Portrait \$55 USD**

**Chibi \$60 USD**

**Waist Up** starts at \$85 USD

If you want a couples commission (two characters on the same page) it will be the cost of two commissions and there will be an additional charge of \$25 for having them both interacting.

Tattoos, props and complex armor/outfits will have additional costs based on complexity.

**What's the difference between an icon and a portrait?** Icons are designed specifically for profile pictures/avatars etc. and are done on a smaller canvas than portraits.

you/your friend/loved one

#### **I won't draw:**

**Process:**

Please have reference pictures. It doesn't have to be crazy, just enough to give me a feel for what you want for your piece. If you have pose/expression preferences, please include them. I will send you previews for approval with the sketch, flat colors and the final image before I send the full resolution version. You can ask for updates on your piece at any time. Small changes are included with the original price. Extensive redraws can be requested during the final preview for additional costs.

**Time Frame:**

Please allow between 3-6 weeks for your piece to be completed. After payment goes through, you can expect a sketch within 1-2 weeks (so long as my life doesn't throw any surprises at me).

**IMPORTANT:** If you want this by a specific time, you will need to order it in advance, or you will need to pay a rush fee.

**About Payment:**

Payment is upfront. Please include your paypal address for invoicing purposes. If you cancel your commission you may receive a full refund **provided** no work has been completed on the piece. After you have received a sketch, all purchases are final and non-refundable.

**Posting:** please include your @/username if you want me to tag you when posting the piece online. If you **don't** want me to post it, or want it posted after a certain point, please let me know.

First time commissioning an artist or you are not sure what to include with your email? Here's a little template/guide you can use if you find it helpful. (this is NOT required, it's just in case you aren't sure what to include, these are questions I generally will ask)
