

## Mehrphasen B/L/L17

(after having passed the practical test for car)

### Education:

**Theory** (see [Termine](#)):

During the driving lesson

For a reduced CO2-footprint and more fun while practising - our Mehrphasen education is only carried out with electric cars 😊

### Practical:

**B/L:** MPH 1 - first mehrphase (2-4 months after passing the driving license for car). Two driving lessons (2x 50 minutes) in the driving school.

**B/L/L17:** FST - Fahrsicherheitstraining (3-9 months after passing the driving license for car). One day (approx. 8 hours) practical and theoretical driving safety training with our partner ARBÖ.

**B/L/L17:** MPH 2 - second mehrphase (6-12 months after passing the driving license for car). Two driving lessons (2x 50 minutes) in the driving school.

There must be at least three months between the first and second mehrphase in the driving school. During this time, the driving safety training must be completed.

To register (in the driving school or copy per [e-mail](#)) we need the following:

- Driving license

### Educational costs in the driving school:

- **B/L:** [MPH 1 in the driving school](#)
- **B/L/L17:** [MPH 2 in the driving school](#)

180,00

180,00

In total: 360.00 (B and L)  
180.00 (L17)

### Options:

- Driving with your own car is possible

### External costs:

- Fahrsicherheitstraining

\* Varies

### Note:

A driving lesson in the driving school lasts 50 minutes and is only booked as a double lesson (2x 50 minutes). Payments are due at the time of booking. Driving lessons must be cancelled or rescheduled no later than three (3) business days in advance, otherwise they will be charged in full.
