

1. Data Collection X Outline Highlighter does not collect, store, or transmit any personal data. All processing, including tweet filtering and highlighting, occurs locally within the user's browser.

2. Data Usage We use the browser's local storage (chrome.storage.local) solely to save your filter preferences (e.g., color settings, keywords, and engagement thresholds). This data never leaves your device.

3. Third-Party Sharing We do not share any information with third parties. No data is sent to external servers.

4. Permissions

- **Storage:** Used only to save your settings.
- **Host Permissions (x.com/twitter.com):** Used only to apply visual CSS outlines to tweets on these domains.

5. Contact If you have any questions, please contact the developer through the Chrome Web Store support page.
