

Pokémon Mystery Dungeon Explorers of Sky Ursaring Voice:

Ursaring: No wonder he's such a famous explorer!

Ursaring: So the guild's Pokémon were even called!

Ursaring: Wow!

Ursaring: Why didn't you say anything before?

Ursaring: Urgh...

Ursaring: Oh! Who's that?!

Ursaring: Heh, it's great they finally caught him.

Ursaring: I've never ...heard of anything like that. You're sure you're not making a mistake?

Ursaring: You must have misheard a bad rumor or something. Let's go.

Ursaring: we often come play here. So, how's it going? Did you see your grand master of all things bad?

Ursaring: See? I told you that you only heard a rumor.

Ursaring: Yeah, come with us if you want.

Ursaring: Oh, it's you! What happened to you two? I thought you two were tagging along right behind us.

Ursaring: Well, see, there's a treasure box here.

Ursaring: You know, it'd be nasty if it's a booby trap or something. So we've been debating whether we should open it or leave it be.

Ursaring: That's it! That bax must have something to do with your exam. You guys should open it.

Ursaring: Th-this is...

Ursaring: Light... Light is shining down!

Ursaring: Good for you, Teddiursa! You've been looking forward to evolution for a long time!

Ursaring: Oh, you don't know what evolution is? What it means to evolve?

Ursaring: That's right. And it may not just be how you look that changes, either. When you evolve, sometimes your form and abilities can even change. How about that?

Ursaring: Congratulations! All the leveling up you went through finally paid off! Now it's hard to tell us apart... But good for you!

Ursaring We went to Luminous Spring recently. Look... You know how you really tell us apart now? Well, because of that, I'd like to evolve again... So we went back to Luminous Spring to see.

Ursaring: But...

Ursaring: Something about the place feels different...from the last time we went...

Ursaring: Yeah.The atmosphere is different... Like a fog has been lifted, or something... I can't really explain it... But it's a different Luminous Spring than before...

Ursaring: We just wanted to let you know. See you.

Pokémon Super Mystery Dungeon Zekrom Voice:

Zekrom: Something's after us... trying to turn us to stone...

Zekrom: Destroyed?!
