Step 2: Turn off the pop-up blocker in Safari.

You will need to use Safari (not Chrome or any other browser for this activity). You will also need to turn off the pop-up blocker in Safari. Here is a link to a short video on how to turn the pop-up blocker off in Safari.

Step 3: Watch this video: How to Setup a Recorded Presentation in less than 2 minutes!

You may choose to use two devices to record your presentation, but I am not providing those directions. Please watch this video to learn more about how you will record your Google Slides presentation while also recording your video.

- **Open your Google Slide presentation.**
- **Start the video on the website.** (<https://www.onlinemictest.com/webcam-test/>)
- **Use split screen for your video and Google Slides presentation.**
- **Start the screen recording.** Swipe down from the top right to access your control center. Make sure that you have the microphone turned on. Long press on the Screen Recording icon (two circles) and turn the microphone on (the button will turn red when it is on). Tap on empty space and then tap on the recording icon again to start recording. You have 3 seconds to set up your screen before the recording starts. When you are done presenting, swipe down from the top right to access your Control Center and end the recording. The recording will be saved to your Photos.

Watch this video for additional information on how to turn your microphone on:

Step 4: Upload the video to your Google Drive (you cannot allow your screen to timeout during the upload or it will be canceled), share the link with "Anyone in the CASD" and add the link to your final document. Share the document with me to submit.

Watch this video to learn how to share the link with anyone in the CASD:
