

**Nye County Health & Human Services
Recovery Through Connection
A Resilience & Recovery Fund Micro-Grant
Notice of Funding Opportunity**

PROGRAM DESCRIPTION

Purpose of the Resilience & Recovery Fund

Substance use recovery and prevention are strengthened when communities come together to create safe, engaging, and sober-friendly environments. Recognizing the importance of community-based efforts, Nye County Health & Human Services (NyeHHS) is offering micro-grants of up to \$2,000 to organizations committed to hosting sober events that promote connection, support, and recovery-friendly activities.

The Nye County Resilience & Recovery Fund was established to address substance use and opioid prevention, treatment, and recovery through strategic local investments. These micro-grants support organizations, nonprofits, and community groups in creating accessible, engaging, and stigma-free events that provide healthy alternatives to substance use and promote positive social connection.

Through this opportunity, NyeHHS seeks to:

- Encourage community-led solutions that create safe and welcoming sober spaces.
- Support organizations in planning and executing inclusive, high-quality sober events.
- Promote engagement and social connection as protective factors against substance misuse.
- Foster partnerships between local organizations, businesses, and service providers to strengthen recovery efforts.
