Holy Joe's Cafe

Mission Overview

In February, the Longmeadow congregation proudly supports "Holy Joe's Cafe," an organization dedicated to providing a warm cup of coffee and a welcoming space for military personnel around the world. This initiative recognizes the sacrifices made by those serving in our armed

forces and aims to offer them a moment of comfort and respite during their service.

Holy Joe's Cafe operates in various locations, ensuring that service members have access to free coffee and a place to relax, connecting them with community support from home. Our participation in this mission reflects our commitment to honoring and uplifting those who protect our freedom.

Action Plan

Donation Collection: We invite our congregation to contribute by dropping a few coins into the donation jar during our community breakfast events in February and March. Every bit helps!

Awareness Campaign: Throughout the month, we will share information about Holy Joe's Cafe and the positive impact it has on military personnel, encouraging everyone to participate in this meaningful cause.

Community Involvement: By coming together to support this initiative, we not only provide essential resources for our troops but also strengthen our community bonds.

Call to Action

Join us in showing appreciation for our military personnel by supporting Holy Joe's Cafe. Your small contribution can make a significant difference in providing comfort to those who serve. Stop by our community breakfast and drop a few coins in the donation jar. Together, let's express our gratitude and support for our heroes. Thank you for your generosity!
