

About Us

Founded in 1922

For hundreds of years, artists have known that by drawing models, an artist can quickly refine their art skills. Enjoy an opportunity to sketch and paint models at weekly meetings from late September until early May.

Costs

- Our fees are \$115 for the year. Late entries are prorated. You are welcome to try out the first session at no cost.

Outdoor Painting Group

- We also have a separate Outdoor Painting Group that is composed of members and nonmembers and has no charge. In nice weather, they paint or sketch in various outdoor locations and in the winter season, they meet at coffee shops.

Models

- On our weekly Tuesday nights, we have two models; a portrait model and a figure (undraped) model.
- We have a different figure model each week but the portrait model poses for two consecutive weeks.
- We ask that the portrait model wear the same clothing both weeks and the same hairstyle. Our figure model starts out with short one and five minute poses ending with a 50 minute pose.
