

Senior Honor Spotlight – Sara Donovan

Best Sanborn Memory:

I have a few favorite Sanborn memories, it was too hard to pick just one! I enjoyed FLT's in Ms. Alley's room, winning homecoming twice and winter carnival once, participating in Sanborn Buddies and doing the Penguin Plunge.

Accomplishments:

I completed the two year Health Sciences course at SST. I served as the Class Vice President, and I was a member of the NHS and Science National Honor Society. I was also the Health Occupations Students of America President.

Plans After High School:

After high school, I plan on attending Clemson University in South Carolina. I will be majoring in Preprofessional Health Studies on a Physical Therapy track. Throughout my first two years I want to focus on being involved in student life and continue dancing along with maintaining a high academic record in my classes. I also hope to experience some career involvement through shadowing or internships.

During my third and fourth years I hope to continue participating in hands-on experiences leaning more towards the internship side. I hope that I am still dancing at some capacity and to continue with community outreach activities. I hope to have a leadership position of some kind within campus whether it be in a club or outside. I also hope to be working towards financial independence and applying to physical therapy school.

During the fifth year I hope to be working part time in a healthcare facility while also starting physical therapy school working towards my doctorate. My goal at this point is to have long-term career goals and to have built strong relationships with people in the physical therapy field.

Staff Reflections:

Sara has been an absolute joy to know over her four years at Sanborn. Whether in the classroom or serving as class Vice President, she has consistently shown dedication, reliability, and a willingness to step up. Sara is someone who truly shows up for others, and I have no doubt she will go on to do great things in her life. -Mrs. Stickney

I was fortunate enough to first meet Sara in my Spanish 1 class during her freshman year, and I've been lucky to have her as a student twice since then. She is certainly one of those students I'll never forget, and the thought of her will undoubtedly bring a big smile to my face in the years ahead. More than just an outstanding student, Sara is someone who truly stands out and makes a lasting impression wherever she goes. She is intelligent, passionate, self-driven, and hardworking, but more importantly, Sara is an amazing human being with a heart of gold. Good luck, Sara. You will be missed by many. -Mr. Kinsley
