Author: Karla Milicich

Published: 2016

Summary:

One day, Jimmy was driving his car and all of a sudden a car came out of nowhere and hit him! The other driver, George, seemed very angry and told Jimmy that it was all his fault and that he was going to have to pay for all of it. Luckily, Jimmy's best friend Marty was a lawyer and had dealt with cases like this before. He told Jimmy that with Marty's help they could stop Jimmy from having to pay so much money! They went to court and talked with the judge several times, but an agreement could never be resolved!! The case had taken a long time and still hadn't been solved yet! The case about to go to trial and going to trial meant having to pay more money!!! So then Marty suggested that Jimmy and George use an ADR. An ADR is short for alternative dispute resolution, which is a big fancy way of saying, "Let's not go to trial!" So Jimmy and George went for it! They joined forces and began going through mediation, a type of ADR. They met Melissa, who helped them find a resolution and now Jimmy and George are best friends!! Yay ADR!!
