

vague timeline

right after pupation

glory is classmates with hours, a goofy and reckless child with a penchant for breaking the rules and the same emergence day as him glory butts heads with hir, not realizing how much hours likes him and wants to befriend her

what is basically like 2 years after pupation. 13 year olds doing dumb shit (Witnessing An Assassination)

hours drags glory into a Reckless Scheme where they explore the school after hours, when they should be in bed—witnessing the assassination of a council member by a cloaked herit. both THOROUGHLY traumatized by this incident, they swear to never speak of it again. it brings them closer, and they slowly stop theorizing about who the killer was.

they dont stop remembering.

basically until their first molts

theyre close close close friends! and theyre in Love! classic mutual pining plot :) aw cutesy cutesy :333

first molt end—second molt beginning

despite pursuing different careers, they stay close and confess and are a couple blah blah blah. cute and lovely :)

second molt end

their relationship gets rocky :/ Uh Oh! glory starts finding hours impulsive and hours finds hir stuck up. they stay together for status quo reasons and slowly drift apart, but still. together

Uh Oh

they break up what is basically like 5 years after eachs second molt, in the library. they duel it out but a careless passerby dies in the throes of battle. they agree to never see each other again. hours dons a cloak (and kills a guy in the past, conveniently leaving a position open for a certain firey gal)

after all that

hours visits glory once like a year and every time it results in poor decisions being made. no more murders but still
