

Seafood Servings

More Seafood Servings

This Mod adds 4 & 8 Servings Options to the Seafood Recipes

How this Mod works:

With this Mod you'll have more Servings Options for the three Seafood Recipes (Popcorn Shrimp, Haddock Sandwich, Lobster Roll).

Known Issue: I am not a CC Creator so i used the Single Food Servings and Cloned those for the Multi Servings. This means that after taking the last serving the Dish will not look empty.

Recommended Mods to use with this:

- Ask to Cook/Bake/Grill/Mix Drink!
This let's you ask NPCs to cook etc for you
- Cookbooks
This let's you learn all the delicious Recipes without eating them. You can also ask NPCs to read the Book & learn the Recipes
