and Pharmaceutical Sciences

PGY-1 Community-Based Pharmacy Residency Program
Supplemental Application

Applicant Name: _____

Thank you for your interest in the USC Mann PGY-1 Community-Based Pharmacy Residency Program.

Due to the ASHP fee structure for multi-site programs, we are no longer requiring separate applications for each of our sites through PhorCAS. You only need to submit one application for any of our sites in PhorCAS and attach this supplemental application indicating all the sites you would like to have review your application.

If you have any questions, feel free to contact Allison Chacon (achacon@usc.edu).

___ CliniCare Pharmacy/APP Care Center

___ Ralphs Pharmacy (Kroger)

___ USC Pharmacies and Clinics

___ USC South Los Angeles Pharmacy
