Application for Volunteer Research Assistantships

Highly motivated undergraduate students are welcome to apply to work as volunteer research assistants in the Visual Cognition Laboratory. Our research involves eye tracking and EEG techniques. Responsibilities will include attending lab meetings, data collection, data analysis, literature reviews, and creating new stimuli for experiments. A minimum commitment of 8 hours per week (across two semesters) is required for consideration. Please answer the following questions and send the completed application to hsheridan@albany.edu.

Name: _____

Year in college: _____

Major(s): _____

Minor(s): _____

Overall GPA: _____ Major GPA: _____

E-mail: _____

Telephone number(s): _____

Interested in (check all that apply):

Fall: _____ Spring: _____ Summer: _____

Are you willing to occasionally run experiments on weekends? _____

Please carefully answer the questions below.

1. Please list the psychology courses you have taken (and are currently taking) and the grades you received in each course.

2) Why are you interested in applying to the Visual Cognition Laboratory?

3) Please describe any previous research experience. Include any skills learned that might be relevant (e.g., data analysis software, computer programming, etc.)

5) What are your areas of interest in psychology? What are your academic and career goals?

7) If you have a psychology research paper writing sample available, please include it with your completed application (or copy it below).
