

Initial Strategy

Auton

We need to leave the starting line, and place a piece of Coral into L1. We would like to be able to place said Coral into L4. We wish to be able to score L4 Coral fast.

Need:	L1 Scoring & Leave.
Want:	L4 Scoring.
Wish:	4 pieces of L4 Coral placed.

Tele-Op

We need to be able to score Coral in the L1 stage fast while intaking it from the Coral Station. We want to score Coral in the L1 through L4 stages along with being able to pick and place Algae. We wish we can get the Coral RP by ourselves and can score said algae into the net above the Barge. We also wish that we can hold both game pieces at once.

Need:	Fast L1 Scoring intaking from Coral Station.
Want:	L1 - L4 Scoring with Algae removal and Processor scoring.
Wish:	Solo Coral RP. Along with Algae Net scoring. Collect Coral from the ground.

End-Game

We need to be able to park under the barge. We want to be able to climb the Shallow Cage consistently. We wish that we can choose between a Deep Cage climb or a Shallow Cage climb.

Need:	Parking under Barge.
Want:	Shallow Cage Climb.
Wish:	Deep Cage or Shallow Cage Climb.
